Re: Change in Ownership for Water Right No(s): 67-4112C, 67-14668

Dear Water Right Holder(s):

The Department of Water Resources (Western) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

During the ownership change process, **Water Right No. 67-14665 and 67-11238** were discovered to match the parcel described on the deed given. If you would like to claim these rights, another ownership change will need to be submitted with a \$25 filing fee per water right in order to change the ownership of Water Right No. 67-14665 and 67-11238. There is no need to submit another deed. The department can use the one already on file from the ownership change of 67-4112C and 67-14668.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 605-4622.

Sincerely,

Lynne Evans
Office Specialist II
