Subject: Notice of Change in Water Right 86-10500
Date: Friday, January 10, 2020 1:14:00 PM

Mr. and Mrs. Stanton

I have recently completed the Ownership Change on the above referenced Water Right into the name of the Connie Stanton Revocable Trust. However, it was brought to my attention that I did so incorrectly. The quitclaim deed attached to the Notice indicated the property passed from Connie Stanton to the trust. The Water Right, though, is in Mark Hagen's name. Although you attached other documents indicating the trust was for both of you, we need a quitclaim deed or some other official document of conveyance that shows the property and/or the Water Right has legally passed from Mr. Hagen to the trust.

Your trust attorney should be able to help you with this if you need assistance. You are welcome to email a scanned copy of the conveyance document to me directly or mail a copy to our office to my attention.

If we do not receive this information within 60 days, we will revert the ownership of the Water Right back to Mr. Hagen.

My apologies for the inconvenience. I will send a copy of this information via USPS to ensure you receive this information. If you have any questions, feel free to call me at the number below.

Yours,

Rosemary DeMond
