Re: City of Twin Falls Municipal Water Rights

Dear Mr. Skinner:

The City of Twin Falls desires to update the water rights 47-2361, 47-2373, 47-8389A and 47-8406 to include seven existing points of diversion. The seven wells have been drilled and are being utilized by the City of Twin Falls to provide municipal water to the public. This transfer will update the water rights to list all seven wells as authorized points of diversions.

Additionally, the municipal service area for water rights 47-2361, 47-2373, 47-8389A and 47-8406 needs to be updated by IDWR. The attached map identifies the 2019 service area for these water rights. An electronic shape file for the service area can be provided to IDWR upon request.

Please contact me if you have any questions.

Sincerely,

Greg Sullivan, M.S., Engineer
