Measurement = N/A cfs Per Application Processing Memo 22, 0.04 cfs is recommended for one home, however the permit only allowed for 0.02 cfs.

Permit allowed = 0.02 cfs

License recommend for 0.02 cfs.

F. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation: N/A

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = \underline{\hspace{2cm}}$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation season}) \times 1.9835 = \underline{\hspace{2cm}}$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = \underline{\hspace{2cm}}$$

2. Volume Calculations for Other Uses: The permit application mentioned irrigation of less than a half-acre however, per IDAPA rule 37.03.02.035.j.ii, no annual volume is required.

Method of Determination: Statement of completion, GIS examination.

If Yes: From Use To Use Amount CFS AFA **H. NARRATIVE/REMARKS/COMMENTS**

Application for permit was submitted on May 21, 2014, the permit was approved on September 25, 2014 with a proof due date of October 1, 2019, and the statement of completion was submitted on September 3, 2019. Aerial imagery clearly shows a cabin at the described place of use. Photos submitted with the proof statement show a collection box in the stream, piped to a filter box, and then down to the cabin. The POD description on the permit application was in the SWNE of Sec. 31, T44N, R09E, however the applicant also included a government lot number of lot 3 on the application. Lot 3 would have been the NWSW of that same section. This appeared to have created some confusion during advertising, however the GPS coordinates in section 11 of the application placed the POD in the SWNE QQ, and that is ultimately where the POD was permitted for. The statement of completion included photos of the POD and other components of the diversion system, along with some descriptive remarks, including a GPS location of the POD. When entering this GPS coordinates into GIS, the point was placed in the NESW of Sec. 31, T44N, R09E, one QQ to the southwest of the permitted QQ. On October 15, 2019 I emailed John Thompson, the US Forest Service contact listed on the statement of completion, supplied him with a map showing the two locations (permitted location and coordinates from the completion) and asked for clarification. I also informed him that, if the POD was in fact located in a different QQ than was permitted, he would need to supply an application for licensing amendment, along with a \$100 processing fee, before the right could be licensed.

Through a series of email correspondence, it was determined that the POD was indeed located in the NESW QQ, not the SWNE QQ as listed on the permit. An application for amendment was sent out to John Thompson on October 18, 2019. John also indicated that the cabin is owned by Idaho Department of Fish and Game (IDFG), and that they had paid all prior fees through interagency billing procedures, and that he expected the same would occur for this fee. The application for amendment was received back on November 12, 2019, however no fee or letter for interagency billing was received with it. After another series of correspondence with John Thompson, the interagency billing authorization for \$100 was received from IDFG on December 23, 2019.

Condition 26A (#4 on the permit) should be removed at licensing, all others should remain.

Have conditions of permit approval been met? X Yes No

To whom it may concern,

Enclosed is the Statement of Completion for a water right permit, 91-7790, along Midget Creek in the Upper St. Joe River area. This water right feeds a ID Fish and Game owned cabin on National Forest System lands. ID Fish & Game has agreed to pay the \$50 filing fee but has said they need a bill number from IDWR before they can pay via interagency. My contact at IDWR who has been assisting me is Adam Frederick and my contact at ID Fish and Game is Craig Walker (208-769-1414)

If you have any questions, please contact John Thompson, Realty Specialist, at (208) 765-7385 or via email at john.thompson@usda.gov.
