RE: Scheduling Field Exam for Water Right Permit No. 65-13935

Dear Ms. Gulley:

We would like to schedule a time to conduct a water right licensing examination of the above-referenced permit as soon as possible. An examination is needed to verify the water use in order to issue a water right license. The above-referenced permit authorizes the irrigation of 4 acres and the watering of 10 head of stock in Gem County.

Our records indicate that the current water right permit owner is Beverly Gulley. Gem County tax lot information indicates that the current owner of the property associated with this permit is TJT INC. A water right permit is personal property of the permit owner. It remains personal property unless it is assigned to a new owner or it is licensed to the property. The representatives of TJT INC. may be able pursue this permit through the licensing process if they wish to maintain this water right on this property. **Please call me within 14 days at 208-287-4939 to schedule an exam appointment.** If there is a problem with scheduling, conducting the examination, or if you have any questions please call and other arrangements can be made. I appreciate your attention to this matter and I look forward to hearing from you.

Sincerely,

Paula Dillon
