To Whom It May Concern,

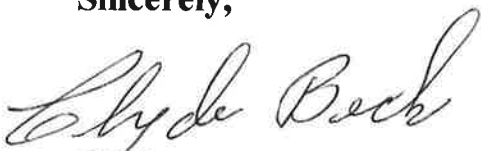

Hunter Ranch Inc received notice that the Palisades Water that it owns cannot be used this year because of the low water that is in the Palisades Reservoir. Once again we would appreciate your consideration in allowing us to pump our water right from the Long Island canal company that has always been diverted into the Dry Bed so we could pump it onto our ground where the pump is that waters our property.

Mr. Rhett Watson runs Hunter Ranch Inc this year and he has also received this same letter from you that we did. This will allow him to finish his irrigation for the season and it is using the water from Long Island Canal Co. that is diverted into the Dry Bed and that is paid for every year.

Your consideration in this matter will be greatly appreciated.

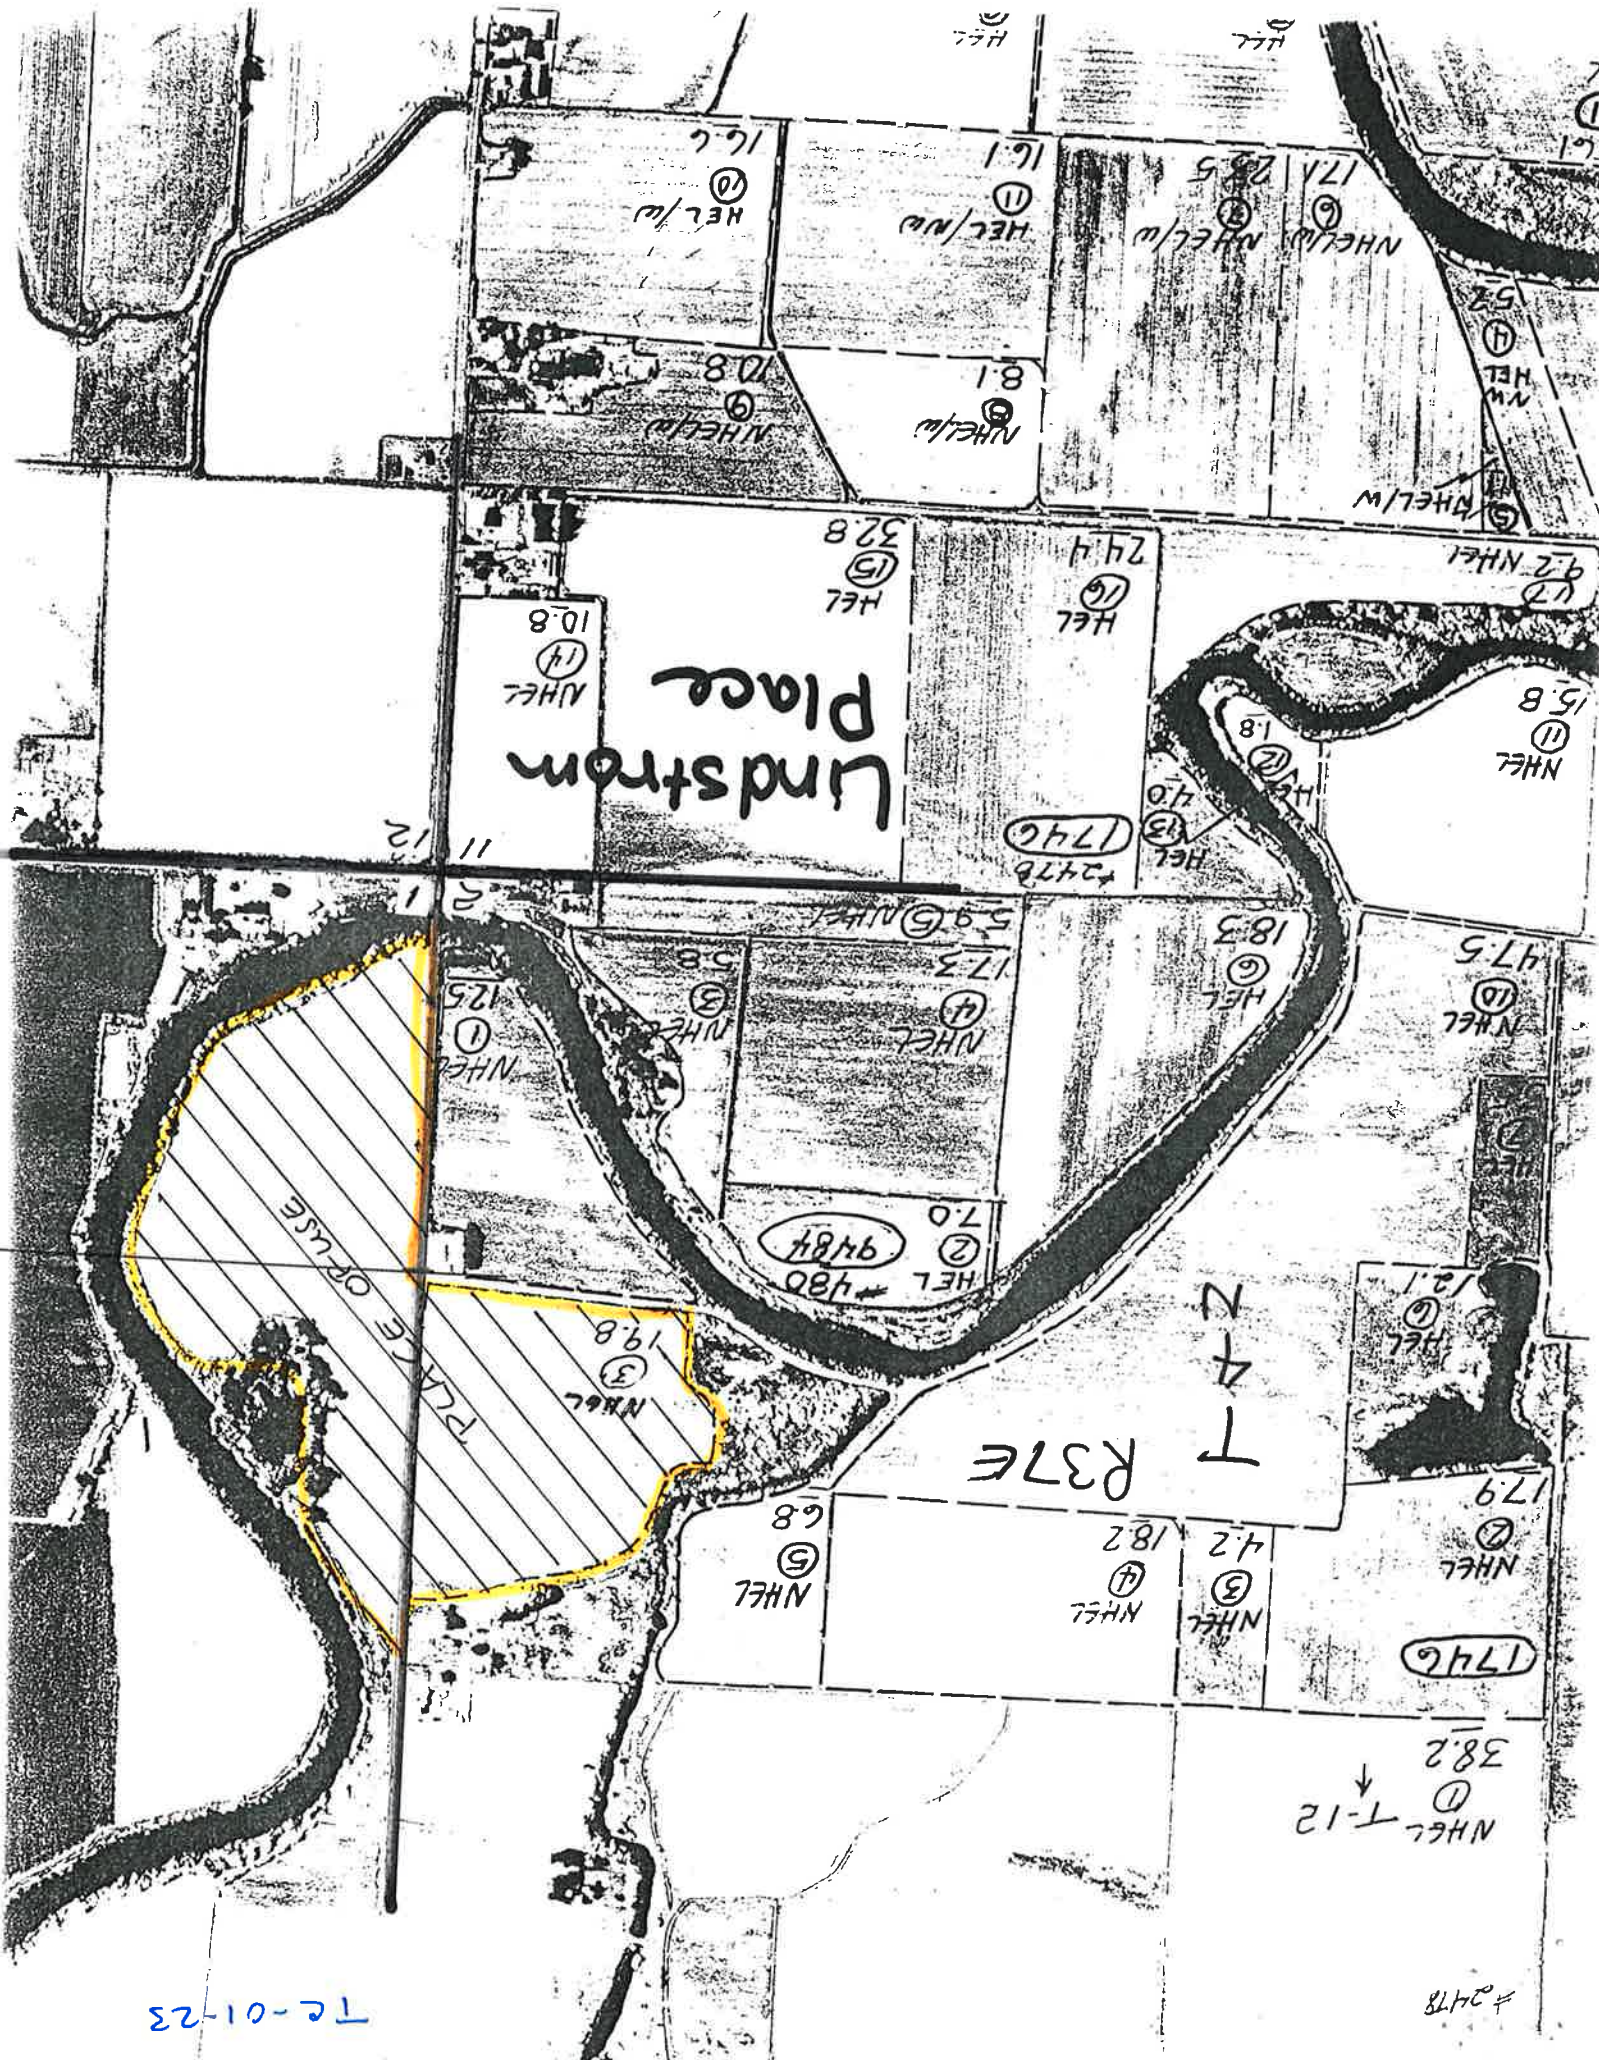

This letter is being sent to you from Mr Clyde Beck, Pres. of the Long Island Canal Company in behalf of Hunter Ranch, Inc.

Sincerely,

Clyde Beck

President of Long Island Irrigation Canal Co.
