I have attached your letter where I need to show ownership. I am not sure I do own it. I was just going by the notice you guys sent (which I included in the filing) saying I owned it and I needed to renew the lease.

I figured I must have missed something and that I owned it. I don't know where YOU guys got the information. I have too much stuff to keep track of, so I just rely on you to let me know when I need to do something.

If I don't own it, just cancel the application for that one and send back the money.

Thanks

RESPONSE DEADLINE:
January 3, 2020

RE: Action Required on WSB Lease Application 1486

Dear Applicant,

The Department of Water Resources (Department) has conducted a preliminary review of your application to lease water right 37-22771 to the Water Supply Bank and determined that your application is incomplete. The following items are required to continue processing your application:

- Proof of current ownership

To be considered complete, Water Supply Bank rule 25.02.b requires that proof of current ownership be submitted with the application. Per our ownership records and the water right back file it appears that you are not the owner of water right 37-22771. Please provide our office with a document to confirm you have ownership of the water right.

To continue processing of your application, our office requires documentation to confirm you are the owner of the water right above. Please provide us with the above requested information within 30 days (deadline of January 3, 2020), so that we can finalize processing of your application. If we do not hear from you prior to the established deadline, your application will be returned to you and your filing fee will be refunded.

If you have any questions, please contact me at (208) 287-4936.

Regards,
