Subject: Request for Reconsideration of Licenses 65-23047 and 65-23049, Lake Cascade State Park, Boise Project

Dear Mr. Miller

Reclamation requests reconsideration of the subject licenses, which were mailed to us by letter dated October 31, 2019, as follows:

65-23047

The irrigation portion was omitted from the License. The Beneficial Use Filed Report states, "The permit holder says the groundwater irrigation ... is no longer in use." The Lake Cascade State Park Manager maintains that the groundwater irrigation is in use, as well as the surface irrigation. The irrigation portion should be licensed.

65-23049

The name for the place of use found in Condition 2 should be changed to "Poison Creek Unit," rather than Poison Unit.

If you have any questions, please call me at 208-378-5306.

Sincerely,

Acty for E. Gail McGarry
Program Manager
Reclamation Law Administration
