Dear Mark & Joanie,

Thank you for your note letting the Department know how helpful our Northern region staff was to you. We will let the staff know of your appreciation. The pictures show you have done an amazing job with your land. The pumpkins are plentiful!

The Department would like to remind you that the final step in the water right process is issuance of a water right license. To receive a water right license, you must first commence the excavation or construction of your diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is complete. In addition, you must divert and use water to the full extent intended, which you have shown in your pictures. You are also required to submit a *Statement of Completion for Submitting Proof of Beneficial Use (Proof)* by October 1, 2023. Or if your water permit is fully developed, you may submit Proof at any time.

If you have any questions, please contact me at (208) 287-4951. Thank you.

Sincerely,

A handwritten signature in cursive script, reading 'Angela M. Grimm', written in dark ink.

Angela M Grimm
Water Rights Section Manager
