EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: November 6, 2019
To: Transfer #83648, McCollum Enterprises, Ltd. file
From: Jim Bitzenburg
Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to modify the Fish Propagation place of use (POU) portion of one ground water and four surface water rights with a combined flow rate of 12.0 cfs, which are appurtenant to a series of raceways located approximately 0.9 mile north and 1.0 mile west of the intersection of Pole Line Road and Blue Lakes Boulevard in Twin Falls.

The proposed transfer has multiple sources, including Alpheus Creek in Water District 130 and the Snake River (Water District 2), so Watermaster comments were solicited. The WD-130 Watermaster had no objections to the application. The WD-02 Watermaster did not submit comments. The sources in basin 47 are not in, or administered by, a water district.

Since the transfer is only changing the POU, advertising is not necessary.

- **Authority to File:**
The application was filed in the name of McCollum Enterprises, Ltd. David McCollum signed the transfer, and documentation included with the transfer application confirms that he has authority to sign.
- **Water Right Validity:**
Rights 2-7472, 47-8356, and 47-8357 were licensed in 2018 and right 47-7758 was licensed in 2006. Right 36-7239 was decreed in 2001. Forfeiture does not appear to be an issue.
- **Injury to Other Water Rights:**
None anticipated or foreseen. Fish Propagation POU is changing. Volumes and flow rates will not increase.
- **Enlargement of Use:**
None anticipated. Flow rates and volumes will not change.
- **Local Public Interest:**
No issues anticipated.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated
- **Effect of the Agricultural Base of the Area:**
None Anticipated

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Subject: Refund of overpayment of fees

Sascha-

I am processing a Water Right Transfer (#83648) for McCollum Enterprises, Ltd., which was submitted by Brockway Engineering. McCollum Enterprises submitted a transfer back in July (#83472, receipt #S037410) that was later withdrawn. The payer, Brockway Engineering, requested that the fees paid for the July transfer (\$2140.00) be applied to the current transfer (\$1380.00), resulting in an overpayment of \$760.00. Could you issue a \$760.00 refund to Brockway Engineering for the overpayment? The address for Brockway Engineering is:

Legal Notice Not Required
10/9/2019

Pursuant to Section 42-222, Idaho Code, the Department has discretion to provide public notice as deemed appropriate. The water right changes proposed through this transfer application do not appear to change the effect on the original or hydraulically connected water source or affect other water rights. Therefore, staff review of the transfer application found no cause to require public notice. This application will continue processing without advertisement and be forwarded for approval consideration.

Transfer is only changing the place of use.

Subject: McCollum Enterprises, LTD transfer

Greg-

I have been staffed the newly submitted McCollum Enterprises, Ltd. transfer, and in my initial review, it appears that there are a few issues we need to have clarified. First off, on page 3, under Part B. 1., it looks like you have the wrong basin number on two of the rights. In your cover letter you reference the rights involved in the transfer, and the rights listed in the transfer do not match those in the letter. Right 47-7472 should be 2-7472, and right 47-7239 should be 36-7239. It looks like you have the wrong flow rates for rights 47-8356 and 47-8357. They should be 2.3 cfs and 0.69 cfs respectively. Also, on page 2, A. 3., 47-7472 should read 2-7472.

Additionally, you did not include any Part 2A Water Right Reports for any of the rights. If you would like, I can print off the reports and insert them into the transfer application.

Other than those issues, at this point, everything else seems to be okay. Thanks for your help.

FEE MEMORANDUM

Date: October 2, 2019
To: McCollum Enterprises, LTD Transfer #83648 File
From: Jim Bitzenburg
Re: Receipting/disposition of fees paid

This transfer was filed on September 23, 2019 with the intent to change the Fish Propagation place of use for five water rights. Since the entire flow rate could flow through any of the POU areas, the fee is based on the combined diversion rate limit for the five rights, 12.0 cfs. From the fee schedule, the fee for 12.0 cfs is \$1380.00. A transfer (#83472) for these same five rights was filed on July 1 of this year, but was withdrawn, with no refund, so the representative has requested that the fees from the first transfer be applied to this transfer. The fees from the first transfer were \$2140.00, which was paid with check #15399 from Brockway Engineering (receipt #S037410). Subtracting \$1380.00 from \$2140.00 yields an overpayment of \$760.00, so a refund of the excess payment will be requested from the State office.
