Re: Change in Ownership for Water Right Nos: 63-3318, 63-3357, 63-3478, 63-7753B, 63-16205, and 63-22311

Dear Water Right Holder:

The Department of Water Resources Western acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records and has enclosed a computer-generated report for you.

The department received an Assignment of Permit form with the Notice of Change in Water Right Ownership for the water right numbers 63-3318, 63-3357, and 63-16205. After researching the water right numbers, the department determined that the permit applications for these water rights have been concluded, and they are now water rights instead of water right permits. This means that only the Change in Water Right Ownership form was needed. Since the assignment of permit was not necessary, the \$75 submitted for the assignment of permit will be refunded to Heida Law Office, PLLC. The three water rights written on the assignment of permit were processed with the ownership change and updated accordingly.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 334-2190.

RE: Refund: Assignment of Permit/Ownership Change 63-3318, 63-3357, 63-16205, 63-22311, 63-3478, 63-7753B

Please refund \$75. The notice for change in WR ownership for 63-3318, etc included an assignment of permit for 63-3318, 63-3357, and 63-16205. These water right numbers were included on both the ownership change and the assignment. After researching the numbers, I found that they were all water right numbers and no longer permits so they were all processed as an ownership change and the extra \$75 for the Assignment of Permit was not needed.

Please issue a refund of \$75 to:
