Mr. McMullen:

Thanks for your work on the Application. Your Application for Permit has been assigned ID number 97-7572. Attached is a copy of your current Application (97-7572) with a signature by Eric Besaw at the Idaho Department of Lands (IDOL) Mica office in Coeur d'Alene. Mr. Besaw removed the Govt Lot number on Page 1 of the Application. He also moved the Pont of Diversion (POD) on the IDOL map, that is part of your Application, to be consistent with the POD location you labeled on the other Application map.

Your Application (97-7572) still requires the authorization for you to sign for the other lot owners, and the lease holder (Merrick) on the water system, before we can schedule the publication of legal notices. Please send me the

authorization we have previously discussed or contact the other lot owners and lease holder and have them send me an e-mail authorization indicating their approval for you to sign Application 97-7572 on their behalf.

Pont of Diversion (POD) on the IDOL map, that is part of your Application, to be consistent with the POD location you labeled on the other Application map.

Your Application (97-7572) still requires the authorization for you to sign for the other lot owners, and the lease holder (Merrick) on the water system, before we can schedule the publication of legal notices. Please send me the authorization we have previously discussed or contact the other lot owners and lease holder and have them send me an e-mail authorization indicating their approval for you to sign Application 97-7572 on their behalf.

Mr. McMullen:

Thanks for your work on the Application. Your Application for Permit has been assigned ID number 97-7572. Attached is a copy of your current Application (97-7572) with a signature by Eric Besaw at the Idaho Department of Lands (IDOL) Mica office in Coeur d'Alene. Mr. Besaw removed the Govt Lot number on Page 1 of the Application. He also moved the Pont of Diversion (POD) on the IDOL map, that is part of your Application, to be consistent with the POD location you labeled on the other Application map.

Your Application (97-7572) still requires the authorization for you to sign for the other lot owners, and the lease holder (Merrick) on the water system, before we can schedule the publication of legal notices. Please send me the authorization we have previously discussed or contact the other lot owners and lease holder and have them send me an e-mail authorization indicating their approval for you to sign Application 97-7572 on their behalf.

Greetings Brad

Once Trevor receives the approved water right, I will begin due diligence and drafting of the easement grant. This goes through a rigorous quality control that takes time.
