### PROOF ACKNOWLEDGEMENT LETTER

**RE: Permit No. 65-23598**

Dear Permit Holders:

The department acknowledges receipt of the Proof of Beneficial Use ("proof") form and license examination fee submitted for the above referenced permit.

A condition of this permit may not have been complied with according to the information you have provided on your proof form. Completion of this condition should be made as soon as possible and before the licensing field examination.

Condition no. 5 of this permit states:

"Prior to diversion of water under this right, the right holder shall install a lockable device, subject to the approval of the Department, in a manner that will provide suitable control of the diversion."

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

**Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or at the department's website at [www.idwr.idaho.gov](http://www.idwr.idaho.gov).**

If you have any questions concerning the field examination, please contact the Western Region Office of the Department located in Boise at (208) 334-2190.

Sincerely,

Debbi Judd  
Technical Records Specialist
