RE: Assignment of Permit No: 63-34499 (Split into 63-34499 and **63-34813**)

Dear Permit Holders:

The Department of Water Resources (Department) has received notice that you are the new owner of a portion of the above referenced permits. The Department has modified its records and has enclosed a computer-generated report for you.

Your portion of each permit has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Amendment of Permit. If you do not plan to change any elements of your permit, then no further action is required at this time.

The portion of the permit retained by the original permit holder retains the original permit number. The Department is sending the original permit holder a copy of this letter and a computer-generated report showing the changes to the original permit.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4920.

Sincerely,

Debbi Judd
Technical Records Specialist
