Re: Change in Water Right Ownership: 63-32968 (Split into 63-32968 and **63-34786**) and 63-32970
(Split into 63-32970 and **63-34787**)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Please note, water rights 63-32968 and 63-32970 were leased to the Water Supply Bank (Bank) on March 23, 2012, this included the portion that was split into 63-34786 and 63-34787. In accordance with the lease acceptance, the lessor may not use the right while it is in the Bank. To use a portion of these rights before they are released from the Bank on December 31, 2020, you will be required to rent those portions from the Bank.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact the Department at (208) 334-2190.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chad Jones", with a long horizontal flourish extending to the right.
