Re: Transfer of Water Right No. 35-13237 and Potential Transfer of Water Right No. 35-13236

Dear Mr. and Ms. McDaniel

This letter is meant to notify you of an Application for Transfer which was recently filed with IDWR involving water right no. 35-13237. This domestic water right belongs to Quirino and CarolAnn Torres. The Application for Transfer seeks to correct the legal description of the point of diversion and place of use. The applicant indicated that the point of diversion is located on your property. Therefore, we are seeking confirmation of the applicant's legal access to the well prior to approving the proposed changes.

Please contact me if you would like to discuss this matter in greater detail. If we do not receive a protest from you by September 16, 2019, we will assume that you have no objection to the proposed transfer.

Our records also show that you may be the owner of water right 35-13236, which is currently in the name of Keith McDaniel. The authorized point of diversion for this water right is a well owned by Vaughn Stosich. It appears that a transfer application and an ownership change may be needed in order to correct the point of diversion associated with water right 35-13236 and to update ownership.

Sincerely,

Michael Holliday
Water Rights Supervisor
