**RE: WATER SUPPLY BANK LEASE APPLICATIONS FOR WATER RIGHT
NOS. 37-368B, 37-409B, and 37-2076B, CONTRACT 1022**

Dear Applicant:

On July 5, 2019 the Idaho Department of Water Resources (Department) received your applications to lease water right nos. **37-368B, 37-409B, and 37-2076B** to the Water Supply Bank (Bank).

The Department of Water Resources (Department) mailed **two original Water Supply Bank Lease Contracts for your review and signature** on August 15, 2019. The Department has sent another letter dated September 10, 2019 requesting the signed Lease Contracts to be returned. The signed contracts have not been returned to the Department.

Without the signed Lease Contracts the Bank cannot execute the contracts, and complete the lease process to accept the rights into the Bank. Please discard the drafted Lease Contracts since they are no longer valid. This letter is notice that **the attached applications to lease water to the Bank are returned.**

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form.

You can reapply to lease the water rights in the future by submitting new application forms along with applicable fees. Water right forms are available from the Department's web site at www.idwr.idaho.gov.

If you have questions regarding this matter, please contact this office at 287-4800.

Sincerely,

Water Supply Bank

Greg,

Based on the email string below, it appears Smokey Dome LLC is no longer interested in leasing water rights 37-368B, 37-409B and 37-2076B to the Bank during 2019. If that is correct, please direct Mr. Vik to request that the contracts should be cancelled. Else, we will cancel the contracts if they are not returned to our office, signed, by the specified deadline of September 20th, 2019.

Narrative: The Department received these applications July 5, 2019. The applicant requested to place the entirety of all three rights into the bank for the 2019 season only. Applications were signed by Greg Vik, registered agent and president of Smokey Dome LLC. Rights were previously in the bank for the 2018 season, per an email from the watermaster, Rusty Kramer, they had been exercised from 2014-2016. No concern of forfeiture. Full acreage was leased based on decreed limits of 25, 50, and 5 respectively. Diversion volume was limited to the full amount able to be irrigated from the headgate at 3.5, taking the volume down from 243.15 to 184.4 ac-ft. These rights overlap with right 37-8859 for Aesthetic, Aesthetic Storage, Wildlife and wildlife storage. Measurements from the centerline of the water right show an approximate area of about 1 acre, any growth in that corridor can be attributed to the streamflow. These rights will not need to be put into the bank and can be split out should the area become developed.
