1. Other water rights with the same place of use:
- NONE

Water Right No.	Source	Purpose of Use	Basis
2-10546	Snake River	Domestic	Permit

Comments: There are two overlapping water rights with nominal POU shapes and are therefore not true overlaps. Permit 47-17517 (current review) includes a condition that states the domestic use is not to include lawn, garden, landscape, or other types of irrigation. Permit 2-10546, also held by the Mc Donagh's, is restricted by conditions to only be used for external use around the home and therefore, although both permits are for domestic use, they are to be used differently. Because 47-17517 does not include irrigation, Per application processing memo 22, since irrigation is separate, the recommended annual volume for 47-17517 will be 0.6 afa. No VOLUME REQUIRED PER IDAPA 37.03.02.035.01.j.ii. WITH CONDITIONS, USE MEETS DEFINITION OF DOMESTIC USE PER I.C. § 42-111.

2. Other water rights with the same point of diversion:
