**RE: Assignment Deficiency for Permit No. 95-9179
And Water Right Nos. 95-2174, 95-7049 & 95-7409**

Dear Interested Party:

The Department is in receipt of an Assignment of Permit (assignment) form to change the ownership of the above referenced water rights. **Permit no. 95-9179 is the only water right that is in the permit stage of a water right requiring an assignment form to change ownership of the record.** However, the Department is unable to process the assignment without the required \$25.00 filing fee.

I am enclosing a copy of the assignment form that was submitted. Please return the copy to the State Office Department here in Boise with the required \$25.00 filing fee. If you could please, note in the comment area of your check, "for permit no. 95-9179".

In addition, water right nos. 95-2174, 95-7049 & 95-7409 listed on the assignment form are active in the Northern Idaho Adjudication process which require a Notice of Change in Water Right Ownership (ownership change) form. Water rights that are active in the adjudication process are not subject to a filing fee. Enclosed is an ownership change form for your use to change the ownership of those rights. Please send your completed ownership change form and a copy of the conveyance document to the Northern Regional office of the Department.

If you have any questions concerning this matter, please contact me at (208) 287-4945.

Sincerely,

Darla Block
Technical Records Specialist
