RE: Change in Ownership Water Right No. 29-2005 & 29-10341

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** According to our notes on file 2 deficiency letters have been sent requesting additional information. The department also shows they have contacted you and you have been in contact with us. The last note indicates that the department left a message on March 25, 2019 for Jon, but we have not spoken since. The additional information the department is requesting is as follows.

We need further information for water right 29-2009 specifically a deed for the water right only because it does not appear you purchased the entire place of use of the water right. The department also needs additional information regarding whether or not the water rights were withheld when the property was sold to David Hershey and Kristina James. For water right 29-10341 additional information is also required. According to our notes that water right should be split between Net Prophet and Luke Jackson with no other remainder, however it does not appear between the two properties the entire place of use is covered. Therefore we need a deed(s) for the water right only and additional information on whether the water rights were withheld from the sale to the property owned by Carlo Wilson.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
