RE: Change in Ownership in water right no(s): 29-4328

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** According to your application you purchased the entire place of use of the water right listed above, however the previous owner retained a portion of the water right to be used on another piece of property. On February 20, 2018 the department sent a transfer application to be complete in conjunction with or prior to the ownership change. As of today that application has not been received. The water master and has also been working to help get this resolved. Please submit the transfer application at your earliest convenience.

Because the Department cannot process the Notice without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary documentation/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit/water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 497-3787.

Sincerely,

Jonie Barg
Technical Records Specialist 1
