Brent Vaughn,

As we discussed on the phone today, I would like to come out and perform a beneficial use field exam to follow up on your groundwater permit (65-22709) this summer. Once the beneficial use field exam is complete, I'll write up a report and submit it to the Idaho Department of Water Resources (IDWRs) Water Rights Section. They will use the field report to issue a water rights license. I will be in the area on August 26th. Could I meet you at your house (4965 Eagle View Court Fruitland, ID 83619) at either 8:00 or 9:00 am to perform the exam, whichever is more convenient to you. If August 26th does not work for you please let me know what date would work.

I've included an "Assignment of Permit" form, so that the water permit could be transferred to the subdivision or home owner's association. We need to transfer the permit to the subdivision so that it is associated to the land rather than to a person. You can either mail in the form, or I can pick it up when I perform the field exam.

Sincerely,

David Hoekema
