COMES NOW, the Protestant, the City of Meridian, by and through its counsel
Honsinger Law, PLLC and, in conformance with and pursuant to I.C. §42-203A, and IDAPA
37.01.01, Rule 250, hereby notify the Idaho Department of Water Resources ("IDWR") and the
Applicant in the above referenced matter of their Protest to Application for Transfer No. 82412
filed by Cottonwood Development, LLC.

Protestant has a direct and substantial interest in this proceeding in that the transfer
application proposes a new point of diversion for groundwater within an area and water bearing
zone from which Protestant diverts groundwater pursuant to valid permits, licenses and decrees it
holds.

Protestant is concerned that the proposed permits may not comply with the requirements

of I.C. §42-222 in that: the uses proposed under the transfer application may conflict with the local public interest as defined in Idaho Code Section 42-202B; the proposed transfer may injure the water rights held by Protestant; and the proposed transfer may be contrary to the conservation of water resources within the state of Idaho. Protestant desires to ensure that the well construction standards imposed on Applicant are sufficient to protect area groundwater resources from contamination. Protestant also questions whether Applicant could seek alternative supply in a water bearing zone that is above 200 feet below ground level.

Protestant proposes that, should IDWR or the parties determine that all or any portion of the transfer proposed pursuant to the above-captioned application be limited or denied to meet the requirements of I.C. §42-222 and/or other concerns raised by Protestant, such limitations be imposed and/or such denials be issued.

Dated this 29th day of August, 2019.
