RE: Change in Ownership Water Right No. 11-2020

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** Additional information is required in order to complete your application. The department was able to find some of the required items on previous ownership changes which should make acquiring a full chain of title a little bit easier. In order to complete your application the following documentation is required.

1. A copy of the deed from Ellis Ivory to Dick and Julie Beecher for Lots 11 and 12 Block 2 Bailey Creek Acres Subdivision (the department had a deed from Ellis Ivory however it only covered a portion of Lot 10 Block 2), likely would be around 1972.
2. Full Chain of title from Jedd and Dolly Stone to Russell and Sondra Schwulst.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
