

# Memo

**To:** 13-7453

**From:** Jean Hersley

**Date:** 8/26/19

**Re:** City of Weston Transfer Hearing

---

The hearing recordings are too large to be profiled under the water right number for our website. The water right number has been removed from the recordings and the recordings are available on request.

IDWR personnel can search PCDocs for the recordings:

A screenshot of a Windows Explorer window. The title bar shows the address '899194'. The address bar contains the path 'Windows Explorer DM Extension > WATERRIGHTS > Quick Searches > 899194'. The menu bar includes 'File', 'View', 'Document', 'Search', 'Folder', 'Workspaces', 'Options', and 'Help'. On the left, the 'Favorites' sidebar is visible with links to 'Desktop', 'Downloads', 'Recent Places', 'Libraries', 'Documents', 'Music', and 'Pictures'. The main pane displays a table with the following data:

| Document Name                                   | Document Author | Document Date | Received Date | Created | Process ID | Document Type | D |
|-------------------------------------------------|-----------------|---------------|---------------|---------|------------|---------------|---|
| City of Weston Hearing Recording Transfer 82613 | IDWR            | 2/28/2019     | 8/26/2019     | WRTRANS | OTHER      | 89            |   |
