Subject: East Valley Cattle Company, Application #81940 Will Proceed to Hearing next Tuesday (1/29/19, 9:30 AM)

Good Morning,

I just concluded an 11th Hour Status Conference with the parties. In the end the parties agreed to proceed with the Hearing next Tuesday. Cynthia, that means we will travel down as planned late Monday afternoon and hold the hearing as planned on Tuesday. Denise and Nathan please be prepared to support or participate in the hearing between the start time of 9:30 AM and the conclusion of the hearing.

To resolve concerns over what I'll term "dueling METRIC data and analysis" Kent and Mike agreed to allow testimony by both Brian Higgs and Greg Sullivan regarding their METRIC analysis, and to allow rebuttal testimony, but to exclude any additional evidence or records. Mike agreed to "waive his objection" to the Brian Higgs report in exchange for continuing to hearing next Tuesday and not delaying the hearing to allow for additional METRIC data and reports to come into the record.

Thank you all, have a great weekend, and I'll see you next week.
