RE: Field Examination Contact

Yesterday I left attorney Al Barker a message letting him know that IDWR intends to conduct the field examination for Permit 63-10240 during the spring or summer of 2019. Mr. Barker called me back today to let IDWR know that the primary contact for scheduling a field examination or seeking additional information is Mike Kukla at 208-344-7022.

Mr. Barker also noted that power is not usually generated at Arrowrock Dam in the latter part of August, so it would be best to conduct the examination before then.
