☐ Send original correspondence to the applicant and copies to the representative.
 b. ☐ The representative may submit information for the applicant but is not authorized to sign for the applicant OR
☐ The representative is authorized to sign for the applicant. Attach a Power of Attorney or other documentation.
- Source of water supply UNNAMED STREAM which is a tributary of IDLERS REST CREEK
- Location of point(s) of diversion:

Twp	Rge	Sec	Govt Lot	1/4	1/4	1/4	County	Source	Local name or tag #
40N	05W	22			SE	SW	LATAH	UNNAMED STREAM	

- Water will be used for the following purposes:
 Amount 12.4 AF for WILDLIFE STORAGE purposes from 01-01 to 12-31 (both dates inclusive)
 (cfs or acre-feet per year)
 Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
 Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
 Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
- Total quantity to be appropriated is (a) _____ cubic feet per second (cfs) and/or (b) 12.4 acre-feet per year (af).
- Proposed diverting works:
 a. Describe type and size of devices used to divert water from the source. ON STREAM STORAGE.

 b. Height of storage dam 12 feet; active reservoir capacity 12.4 acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 12. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate [Application for Construction or Enlargement of a New or Existing Dam](#). Application required? ☐ Yes ☐ No
 c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
 d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
 e. If well is already drilled, when? _____; drilling firm _____;
 well was drilled for (well owner) _____; Drilling Permit No. _____

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
 Fee \$ _____ Receipted by _____ Receipt No. _____ Date _____

8. Description of proposed uses (if irrigation only, go to item 9):

- a. Hydropower; show total feet of head and proposed capacity in kW. N/A
- b. Stockwatering; list number and kind of livestock. N/A
- c. Municipal; must complete and attach the [Municipal Water Right Application Checklist](#).
- d. Domestic; show number of households N/A
- e. Other; describe fully. _____

9. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
40N	05W	22											WS						

Total number of acres to be irrigated: _____

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? _____

11. a. Who owns the property at the point of diversion? APPLICANT

b. Who owns the land to be irrigated or place of use? APPLICANT

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. THE POND IS PRIMARILY INTENDED FOR WILDLIFE. IT CAN ALSO BE USED FOR WILDFIRE FIGHTING HELICOPTER SUPPLY IF EVER NECESSARY

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).

14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Total Storage Calculations

FILE NUMBER	XX-XXXXX
REVIEWER	Craig Saxton
DATE	6/4/2019

This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.

User Input
Calculated value
Formula Explanations

Surface Area (AC.)	1.2	"Surface Area" is automatically carried over from the "Seepage Loss" sheet.
Average Pond Depth (FT.)	8	"Average Pond Depth" depicts the actual depth of the pond either measured or estimated. Note: If you know the maximum depth and not the average depth, the Field Examiner's Handbook suggests multiplying the maximum depth by 0.4 to get the average depth, or you can use any method that seems reasonable to attain average depth.
Pond Capacity (AF)	9.6	Pond Capacity is calculated by multiplying the Pond Surface Area by the Average Pond Depth. If you know the capacity, divide the capacity by surface area and enter the average pond depth in the space above. <i>Note: If pond capacity is determined using a method shown on the "Pond Capacity" sheet, the user may need to modify the value of "Pond Capacity" (cell B9) manually. Note that if the value is modified manually, the formula will be altered for future use.</i>
Multiple Fill Volume Above Initial Fill to Fulfill From Storage Needs- "Multiple Fills" (AF)	0	The "Multiple Fill Volume Above Initial Fill" is the acre-feet of water required to meet a <i>from storage</i> component if the <i>from storage</i> component exceeds a one time fill. This section should not include the amount of water needed to fill the pond initially or the amount of water needed to maintain the pond level due to evaporation or seepage. For example: if a pond has a capacity of 5 acre feet and 2.5 acre feet of seepage and evaporation, but the pond is used for irrigation that requires 10 acre feet of from storage for the irrigation use, then you would insert 5 acre feet into this location (10 acre feet needed - 5 acre feet from the initial fill = 5 acre feet of additional storage needed). <i>Note: You must have a "From Storage" component exceeding the initial fill on the permit to include a volume in this space.</i>
Estimated Seepage Loss (AF)	1.3	The "Estimated Seepage Loss" is automatically carried over from the "Seepage Loss" sheet.
Estimated Evaporation Loss (AF)	1.5	The "Estimated Evaporation Loss" is automatically carried over from the "Evaporation Loss" sheet.
Total Volume Required (AF)	12.4	The "Total Volume Required" is calculated by adding the Pond Capacity, Multiple Fills, Seepage Loss, and Evaporation Loss amounts to determine the total amount of storage required.

Application For Permit No. 87-11365

Dear Applicants:

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the MOSCOW PULLMAN DAILY NEWS on 8/15/2019 and 8/22/2019. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

A handwritten signature in blue ink that reads "Tammy Alleman". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Dear Interested Agencies:

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced Water Right application. You can find copies of the application attached to the email and also at: <http://www.idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>.

This office can publish notice of the application as soon as the initial review is completed; therefore, your prompt response to this request is appreciated. If your agency desires to formally protest the approval of the application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication. **The deadline for comments on the application is September 3, 2019.**

Please contact the Northern Region Office at (208) 762-2800 if you have any questions regarding the application.

Thank you,

Tammy

Re: Unacceptable for Filing status on Application for Permit (Rule 35 Application Requirements)

Dear Mr. Presol:

Idaho Department of Water Resources (IDWR) received your corrected Application for Permit on July 5, 2019, to divert water for Wildlife Storage use in Latah County. We are contacting you because the corrected Application is currently unacceptable for filing. A Copy of the July 5th Application is enclosed.

The point of legal description on line 4 of Application (**T40N R05W S.22 SW**) is incomplete and not in agreement with the Point of Diversion legal description shown on the Application map (**T40N R05W S.22 SE SW**). The Application must also have your original signature. These errors must be corrected before IDWR can process the Application and publish required legal notices.

Please review the enclosed IDWR information and phone me at (208) 762.2816, if you need help, to complete the enclosed Draft Application by reviewing and supplying the following information:

- Original signature and date signed on Application that is returned to IDWR.
- Line 4 correct Point of Diversion (as shown on enclosed IDWR example)

Your Application, that is acceptable for filing, must be received no later than July 24, 2019. IDWR will take steps to terminate the Application, if no response is received, in accordance with Idaho Code § 42-204.

Respectfully,

Shaun M. Maxey
Sr. Water Resource Agent
Idaho Department of Water Resources, Northern Region

IDWR Draft Example Application

Partially completed Application For permit for return to IDWR

Maxey, Shaun

From: Saxton, Craig
Sent: Monday, June 24, 2019 7:39 AM
To: Maxey, Shaun
Subject: Presol

Hey Shaun,

Sorry I missed your call on Friday. I will be in this morning, but have to leave at about 9:30 pacific to return around 12 pacific. In the meantime, I thought I would try to anticipate some of your questions based on your voicemail.

The pond on the application for permit is the larger pond (in the SESW) to the east of the pond under 87-7181. On 6-5-19, I e-mailed Gary asking him which pond 87-7181 was associated with because the Dam Safety file indicates that 87-7181 is associated with the bigger pond in the SESW. According to Gary, that is not the case. The Dam safety file might be describing the pond in the SESW, but the water right 87-7181 is associated with the pond on the SWSW.

I calculated the volume using the pond-loss-calculation spreadsheet. I used an average depth of 8' feet which I ran past Gary in an e-mail dated 6/6/2019.

I have put all the information I have including the pond loss calculations at [P:\CSaxton\Presol, Gary](#)

Give me a call if you have questions.

Later,
c

Re: Unacceptable for Filing status on Application for Permit (Rule 35 Application Requirements)

Dear Mr. Presol:

Idaho Department of Water Resources (IDWR) received Gary Presol's Application for Permit on June. 20, 2019, on which you are listed as representative, to divert water for Wildlife Storage use in Latah County. We are contacting you because the Application is currently unacceptable for filing. The original Application is enclosed.

The point of legal description on line 4 of Application (T40N R05W S.22 SW SW) is not in agreement with the Point of Diversion legal description shown on the Application map (T40N R05W S.22 SE SW). This error must be corrected before IDWR can process your Application and publish required legal notices.

Please review the enclosed IDWR information and phone me at (208) 762.2816 for assistance to correct the Application by reviewing and correcting the following information:

- Name of Applicant to include middle initial .
- Line 4 correct Point of Diversion information.
- Line 10 (Applicability of Water Right 87-07181).

Please telephone me about this Application. **An Application that is acceptable for filing must be received no later than July 24, 2019.** IDWR will take steps to terminate the Application, if no response is received, in accordance with Idaho Code § 42-204.

Respectfully,

Shaun M. Maxey

[87-10050 Claim Map.pdf](#)
[87-07181 Claim Map.pdf](#)
[87-10050 Notice of Claim \(Presol\).docx](#)
[License 87-7181.pdf](#)
[License 87-10050.pdf](#)
[Application-for-permit Large Pond.pdf](#)
[Application for Permit Pond Map.pdf](#)

Gary,

I am attaching several Documents:

- o 87-7181: A DRAFT PRBA claim with a map, and a copy of the original license (Small Pond) – Fee is listed on the claim
 - I am sending you this in a WORD document so you can edit or add things as you feel appropriate. I just copied what was in the water right record, but these are your claims so you should add what you want. You can add additional contacts too if you want.
- o 87-10050: A DRAFT PRBA claim with a map, and a copy of the original license (Domestic) – Fee is listed on the claim
 - I am sending you this in a WORD document so you can edit or add things as you feel appropriate. I just copied what was in the water right record, but these are your claims so you should add what you want. You can add additional contacts too if you want.
- o Application for permit: Partially completed application for permit with map - \$100 Fee: <https://idwr.idaho.gov/files/forms/fee-schedule-for-water-right-application-for-permit-claim-amendment.pdf>
 - You will need review the application for permit and complete the remaining fields
 - I tried to estimate the total volume you might want to apply for, but I am missing one piece of information and that is the average pond depth. I took the liberty of calculating the estimated Seepage and Evaporation losses using the pond loss calculation spreadsheet:
<https://idwr.idaho.gov/files/forms/pond-loss-calculation.xlsm>

I estimated an average depth of 8 feet, but you will probably want to adjust that. Here is what I did:

Estimated seepage losses **1.3** AF (*done in the pond loss calculation spreadsheet*)

Estimated Evaporation Losses = **1.5** AF (*done in the pond loss calculation spreadsheet*)

Pond Capacity = (Surface Area of Pond) * (Average Depth of the pond)
= 1.2 ac (per GIS measurements) * (8 feet ?)

= 9.6 AF

Total Volume = (1.3) + (1.5) + (9.6) = 12.4 AFA

When the claims and application are complete, they can be mailed with the filing fees to:

IDWR
NORTHERN REGIONAL OFFICE
7600 N MINERAL DR STE 100
COEUR D ALENE ID 83815-7763

Let me know if you have any questions.
