Thank you. It is the correct address. Could you please include C/O Kiril Sokoloff in the address line? I think it was rejected by the post office not recognizing Jackson Mountain GP as it is a newly formed entity.

The update was processed; however, when we sent copies of the updated water rights to the address on the ownership change documentation, the mail was returned as not deliverable. The mailing address that we have is PO Box 6191 Ketchum ID 83340-6191. If the mailing address needs to be updated, we will need a signed Change in Address form (attached) in order to formally update the water right records.

Please feel free to contact me with any questions.

Re: Change in Water Right Ownership: 36-16229 (Split into 36-16229 and 36-17160)
36-16234 (Split into 36-16234 and 36-17161)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Please note, the filing fee to split these two water rights is \$200; however, payment of \$250 was received via check from Blaine County Title. A refund of \$50 will be issued under separate cover from the Idaho State Controller's office to Blaine County Title.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 736-3033.
Sincerely,

Allison Inouye
Water Resource Agent
