Hi Sandra,

I had a chance to look at the point of diversion for application 85-15786 today. Fish are not a concern at this point of diversion.

Thank you for reaching out and getting my opinion on this issue. Let me know if you need anything else.

Hello, Robert Konen called me on an office day to ask about the fish screen requirement on permit 85-15786. Yes I know I typed in 95. I told him that he needed to contact Fish and Game. I asked Dan about this and I've included his response below.

Sandy,

Yes, I would consider removing the condition using this information.
