Dear Mr. Ownbey:

Re: Permit No. 87-7089C

LAPSE NOTICE

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, the above referenced permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated February 28, 1988.

Your permit cannot be reinstated unless you submit the proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal including the examination fee or a completed field examination report or the extension request form together with the \$15 fee must be received by this department within sixty days of the date of mailing of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which brings title to the water in question.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocation Bureau

Dear Mr. Ownbey:

The department is reviewing your proof of beneficial use form received in this office April 25, 1988.

In view of the partial assignments received in connection with this permit, your portion of the water right shows the maximum rate at which water can be diverted as 0.06 cfs.

The department has amended the proof to show the total rate for which proof can be submitted as 0.06 cfs. Enclosed is a copy of the proof for your records.

The department will continue processing your proof by notifying the region that a field exam is needed.

If you have any questions concerning this matter, please feel free to contact this office.

Dear Mr. Ownbey:

Re: Permit No. 87-7089

On April 25, 1988, the department received the proof of beneficial use form for this permit. The proof form was submitted by you. The permit is in the name of Billy Ownbey.

Since a water right permit is considered as personal property, only the permit holder or authorized agent may take action on the extension request. Do you have the authority to sign for Billy Ownbey? If so, please return a copy of your power of attorney.

If, however, you've purchased the property and you are interested in acquiring this permit, the department will need an assignment conveying this permit to you signed by Billy Ownbey. Enclosed is an assignment form.

The department will hold action on the proof of beneficial use form for thirty days. Please advise the department by that time what action you wish to take.

If you have any questions or need assistance, feel free to contact this office or the office in Coeur d'Alene.

Sincerely,

RITA I. FLECK

Dear Mr. Ownbey:

Re: Permit No. 87-7089C

LAPSE NOTICE

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, the above referenced permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated February 28, 1988.

Your permit cannot be reinstated unless you submit the proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal including the examination fee or a completed field examination report or the extension request form together with the \$15 fee must be received by this department within sixty days of the date of mailing of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which brings title to the water in question.

Sincerely,

L. GLEN SAXTON, Chief

PROOF DUE NOTICE

RE: Permit No. 87-7089

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
Secretary/Records Manager
