Narrative

12. The goal of irrigation of the ~2 acres will be accomplished through the use of a stand alone Honda WB20XT 2" intake/discharge water pump connected to a garden hose and a single head tripod lawn sprinkler. The 2" pump intake hose will be placed in a deep section of Rapid Lightning creek. I plan on watering periodically during the heat of the summer and moving the tripod lawn sprinkler around to cover the grass in the meadow which is estimated at less than 2 acres in size.

Application For Permit No. 96-9760

Dear Applicants:

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNER COUNTY DAILY BEE on 7/18/2019 and 7/25/2019. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

A handwritten signature in blue ink that reads 'Tammy Alleman'.
