RE: Permit to Appropriate Water 97-7411

Dear Mr. Moffitt Jr:

I am sending this letter in an attempt to make contact with someone from the Cavanaugh Bay Airport Est Homeowners. I have a very old permit that needs to be examined that was originally applied for by Larry D McCormick. I have attached the letter I attempted to send to Mr. McCormick and the Cavanaugh Bay Airport Est Homeowners. Both attempts were returned because they were unable to be delivered. The last step in the permitting process is to issue a license perfecting the beneficial use. I am trying to get into contact with someone who can show me the system so I will be able to license this permit. During the examination, I will verify the water uses pursuant to the permit (copy enclosed).

In order to conduct the exam as efficiently as possible, please call me at (208) 762-2800. Please be advised that you will need to operate the system under normal conditions during the examination.

Sincerely,

Adam Frederick
Senior Water Resource Agent

RE: Additional Information Request for Permit 97-7411

Dear Permit Holder(s):

On August 8, 2001 you filed an application for permit to appropriate water from Fenton Creek for recreation storage and wildlife storage uses in Section 26, Township 60 North, Range 4 West. The application was approved and water right permit 97-7411 was issued on October 17, 2001. On October 3, 2002 you filed a proof of beneficial use statement claiming that you developed the recreation storage and wildlife storage uses under water right permit 97-7411.

I am now trying to verify the water use under 97-7411, and license this water right permit. I have attached a copy of the permit and the map supplied by you for this water use. It appears from the map, that this property is now owned by the Cavanaugh Bay Airport Est Homeowners. A copy of this letter will also be sent to them. If the Cavanaugh Bay Airport Est Homeowners is the current owner of the property, you can assign the water right into their name, and I will work through them to license this water right.

You can request that IDWR personnel go into the field to collect this information accompanied by a member of your staff/organization/family. For this to occur, please contact me with the name, telephone number, and email of your representative and the representative must be available to be contacted and for scheduling of the required visits within thirty (30) days. IDWR must also receive the contact information of your representative in a timely manner.

If I do not receive the requested information from you within thirty (30) days, I could take action to void your permit under the provision of Section 42-219(8) of the Idaho Code. If you agree that no beneficial use of water occurred under the permit listed, you can shorten the voiding process by completing the enclosed relinquishment form for each permit affected and returning it to IDWR.

Should you have any questions, please contact me at 208-762-2800.

Respectfully,

Adam Frederick
