RE: Security Interest Water Right No. 29-7130

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Security Interest.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** The department received a Warranty Deed and a Quit Claim Deed for 2 parcels located in the SWSW Section 2 Township 9 South Range 34 East, which is the place of use of water right. However because these deeds are not from the current owner of the water right a full chain of title is required. Please supply copies of the deeds going back to the current owner of the water right Orval Hillard. Also the deed for the E1/2 SWSW of the section above goes into John D and Teressa Oborn, J. D. and Ashlynn Oborn and Dillion and Tessa Anderson, if the property should go into you name only please supply a deed showing that change along with the full chain.

Because the Department cannot process the security interest without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
