Permit No. 98-7925
Beneficial Use Field Report*

Dear Doug,

Enclosed on behalf of Essential Oil Research Farm, LLC is a completed Beneficial Use Field Report for the above-referenced permit and signed Statement of Completion. Please contact SPF if you would like digital shapefiles of the point of diversion or place of use.

The permit is currently in the name of Young Living Farms, which was the informal name of the farm at the time the application was submitted. The correct name of the applicant is Essential Oil Research Farm, LLC. This apparent change in name was not the result of conveyance from one entity to another, hence there is no method for assignment of the permit. Please see the enclosed documents filed with the Idaho Secretary of State confirming the existence of Essential Oil Research Farm, LLC.

Please let me know if you have any questions regarding these documents.

Sincerely,

A handwritten signature in blue ink, appearing to read "Roxanne", is written over a light blue circular stamp.
