RE: Change in Ownership No(s): 84-4122

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice)

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

Evidence of Water Right Ownership: notarized Warranty Deed, Title Policy, Court Decree, or other legal document indicating your ownership of the property and/or water rights in question. Please see comments below.

During our review of the documentation you submitted we found discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. The water right place of use for 84-4122 is located in the Northwest of the Southeast quarter of section 4. The warranty deed enclosed granted you the property in the Southwest of the Northeast of section 4. In order to process your Notice the Department will need a notarized deed granting you the portion of property where the place of use is occurring.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 762-2800 or (208) 762-2813.

Sincerely,

Natalie Steading
