OF THE STATE OF IDAHO

IN THE MATTER OF PETITION TO)
CORRECT WATER RIGHT LICENSE)
NO. 65-22694 IN THE NAME OF)
RANDY AND VICTORIA PAULUS)
_____)

**PRELIMINARY ORDER
CORRECTING LICENSE**

This matter having come before the Idaho Department of Water Resources (Department) as a result of the filing of a notice of an error in a water right license, the Department finds, concludes, and orders as follows:

FINDINGS OF FACT

1. On June 14, 2017 the Department issued water right license no. 65-22694 (license) in the name of Ailene Russell for irrigation use from the South Fork Payette River in government lot 3 of the NE¼SW¼ of section 17, township 09N, range 09E, Boise County.
2. On June 27, 2017, the Department received a notice from Fredric Price, water rights specialist with the United States Bureau of Land Management. The notice stated Homestead Entry Survey No. 337 of 12/14/1916 redefined the government lots at the point of diversion and place of use of right no. 65-22694 into tracts and the place of use and point of diversion descriptions for 65-22694 was not accurate.
3. On June 29, 2017 the Department received a notice of change in water right ownership from Randy and Victoria Paulus.
4. On March 4, 2019, the Department sent Randy and Victoria Paulus a notice of intent to correct the license. The Department has not received any objections to the notice.

CONCLUSIONS OF LAW

1. Idaho Code § 67-5254 provides in pertinent part:
 - (1) An agency shall not revoke, suspend, modify, annul, withdraw, or amend a license... unless the agency first gives notice and an opportunity for an appropriate contested case in accordance with the provision of this chapter or other statute.
2. The Department should correct the water right to describe the point of diversion and place of use consistent with the legal survey.

ORDER

IT IS HEREBY ORDERED that legal description of the point of diversion and place of use of water right no. 65-22694 is **CORRECTED** as set forth in the amended water right license issued on this date in conjunction with this order.

Signed this 13th day of June, 2019.

Conditions of Approval

1. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 3.0 afa per acre at the field headgate for irrigation of the place of use.
2. When water is not available to fill this right, the right holder shall cease diversion, shall rent water from the Payette River Rental Pool, or shall otherwise mitigate the depletion of water caused by this water use.
3. Water shall not be diverted under this right when flows in the South Fork Payette River are below established minimum stream flow amounts.
4. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 65.
5. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.
6. Diversions for irrigation and other specified purposes shall be limited to pump installations that do not create an obstruction of the river.
7. Point of diversion and place of use are located within Lot 15, Blk. 2, Bransons Eightmile Subdivision.

8. Property is also known as part of Homestead Entry Survey No. 337, Tract B.
9. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.

This license is issued pursuant to the provisions of Idaho Code § 42-219. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Notice of Intent to Correct Water Right No. 65-22694

To Whom It May Concern,

Water right no. 65-22694 was issued on June 14, 2017 authorizing the diversion and use of water from the South Fork Payette River within government lot 3 of the NESW of section 17, township 09N, range 09E. Following the issuance of the license the Department became aware of error in the legal descriptions of the point of diversion and place of use. Government lots 2 and 3 were redefined into tracts A and B, meaning government lot 3 no longer exists. The Department intends to issue a corrected license with the legal descriptions changed from government lot 3 to tract B. The purpose of this letter is to provide you notice of this intent.

If you think the Department should not correct the water right license as proposed, you should contact this office in writing within thirty (30) days. If there are no petitions filed in this matter within thirty (30) days the Department will take the necessary steps to issue a corrected license. The corrected license will be issued as a preliminary order pursuant to section 67-5243, Idaho Code. The preliminary order will be mailed to you and you will have an additional opportunity to contest this action by filing a petition for reconsideration with the Department within fourteen (14) days of the date of the issuance of the preliminary order.

If you have questions regarding this matter, please contact me at 208-334-2190. Thank you for your patience with this matter.

Angie,

RE:: 65-22694 license issued 06-14-2017

The license describes the POD & POU as T09N, R09E, S17, Lot 3 (NESW), which is consistent with the original survey of 01/30/1911, however Homestead Entry Survey No. 337 of 12/14/1916 redefined Lots 2 & 3 into Tracts A & B. Lots 2 & 3 do not exist anymore. See attached materials.

65-22694 currently resides within T09N, R09E, S17, Tract B (NESW).

BLM is not concerned with 65-22694 and is just sharing information discovered during our routine review of recently issued licenses in case it is of interest or assistance.
