b. ☒ The representative may submit information for the applicant but is not authorized to sign for the applicant OR
☐ The representative is authorized to sign for the applicant. Attach a Power of Attorney or other documentation.
- Source of water supply Spring which is a tributary of N/A
- Location of point(s) of diversion:

Twp	Rge	Sec	Govt	1/4	1/4	1/4	County	Source	Local name or tag #
7S	5W	25		SW	NE	NE	Owyhee	Spring	

- Water will be used for the following purposes:
Amount .03 cfs for stock water purposes from 7/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)
- Total quantity to be appropriated is (a) _____ cubic feet per second (cfs) and/or (b) _____ acre-feet per year (af).
- Proposed diverting works:
a. Describe type and size of devices used to divert water from the source. Perforated pipe, cleaned rock, 1 1/2" plastic pipe, watering trough
b. Height of storage dam N/A feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 12. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No
c. Proposed well diameter is N/A inches; proposed depth of well is _____ feet.
d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☒ No
e. If well is already drilled, when? N/A; drilling firm _____; well was drilled for (well owner) _____; Drilling Permit No. _____

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
Fee \$ 100 Receipted by KT Receipt No. W047353 Date 4-26-2019

8. Description of proposed uses (if irrigation only, go to item 9):

- a. Hydropower; show total feet of head and proposed capacity in kW. _____
- b. Stockwatering; list number and kind of livestock. 100 hd of beef cows
- c. Municipal; must complete and attach the Municipal Water Right Application Checklist.
- d. Domestic; show number of households _____
- e. Other; describe fully. _____

9. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
7S	5W	25	S																

Total number of acres to be irrigated: _____

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? N/A

11. a. Who owns the property at the point of diversion? State of Idaho
- b. Who owns the land to be irrigated or place of use? State of Idaho
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. Water will be collected through perforated pipe. Gravity flow will take the water through plastic pipe into a watering trough. An overflow system for excess water will be attached to the trough to divert water back to the draw. The spring will be fenced to avoid damage to the project.

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).

14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

**FIRST AMENDMENT TO
GRAZING LEASE
INSTRUMENT NO. G600025**

THIS FIRST AMENDMENT TO GRAZING LEASE NO. G600025 ("First Amendment") is made and entered into on by and between the State of Idaho, by and between the State of Idaho, by and through the State Board of Land Commissioners ("Lessor") and Robert S. MacKenzie ("Lessee") (collectively, "Parties").

RECITALS

A. On commencement date January 1, 2010, Lessor and Lessee entered into Grazing Lease, Instrument No. G600025, for the lease of certain real property described therein ("Lease").

B. On April 21, 2015, the Idaho State Board of Land Commissioners approved its Greater Sage-Grouse Conservation Plan ("State SG Plan"), and on November 24, 2015, voted to implement the State SG Plan as a component of the overall State of Idaho sage-grouse strategy and plan.

C. The Parties desire to incorporate certain conservation measures of the State SG Plan into the Lease. The conservation measures are further set forth in Attachment E, attached hereto and incorporated herein by reference.

D. The Parties therefore enter into this First Amendment to modify the Lease.

NOW, THEREFORE, in consideration of the foregoing Recitals and the mutual covenants and agreements contained in this First Amendment, the sufficiency of which the Parties acknowledge, the Parties agree as follows:

1. Amendment. The Lease is hereby amended by the addition of Attachment E – Special Terms and Conditions: Sage Grouse Conservation Measures, attached hereto and incorporated herein by reference.

2. Ratification. Except as amended by Paragraph 1 above, the Lease remains in full force and effect and is hereby ratified and confirmed. In the event of any conflict between the Lease and this First Amendment, this First Amendment shall control.

3. Counterparts. This First Amendment may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute a single instrument. Signature pages may be detached from individual counterparts and attached to a single or multiple original(s) in order to form a single or multiple original(s) of this First Amendment.

IN WITNESS WHEREOF this First Amendment has been executed as of the day and year first above written.

Attachment E

SAGE GROUSE CONSERVATION MEASURES

In accordance with Executive Order No. 2015-04 and the Idaho State Board of Land Commissioners Greater Sage-Grouse Conservation Plan (State SG Plan), the following conservation measures will apply to the lands within this Lease all of which are within sage-grouse Priority Habitat Management Areas (PHMAs) or sage-grouse Important Habitat Management Areas (IHMAs) as identified in the State SG Plan, as amended from time to time. In the event of a conflict between the location of the PHMAs and IHMAs identified in the State SG Plan and Exhibit E hereto, the State SG Plan shall control. The most recent version of the State SG Plan can be found at Idaho Department of Lands (IDL) website.

I. Improvement, Construction, and Conservation Projects

- A. Consistent with Section 10 of this Lease, all improvement and construction projects will require written authorization from IDL prior to installation. Project proposals must be submitted to IDL for consideration and may be subject to a habitat analysis by the Idaho Department of Fish and Game (IFG). Upon written authorization by IDL, project installation and construction will require full compliance with conservation measures identified in the State SG Plan.
- B. Existing Improvements: If improvements in existence at the time this Lease is executed are identified by IDL, IFG or the Lessee within PHMAs and IHMAs that are not in compliance with the State SG Plan, IDL will assess the impact of the improvements on a case-by-case basis. When needed IDL, will consult with IFG to determine what, if any, mitigation is necessary based on the specific circumstances of the site.
- C. Conservation Projects within PHMAs: Because PHMAs include characteristics such as: existing high-quality sagebrush habitat; highest sage-grouse breeding densities; have been identified as essential to conservation and persistence of the species; and are of importance to the conservation of the species range-wide, these lands will be prioritized by IDL for management and conservation actions. Such actions could include, but are not limited to, a review and subsequent amendment of the existing livestock grazing management plan that is part of this Lease; analysis and mitigation of existing range improvements; and priority consideration for conservation projects that provide landscape-level enhancements to habitat.

II. Fire Prevention

- A. Lessee will have a written emergency fire response plan at all times during the Lease, and will be prepared to implement fire prevention measures. Lessee agrees to coordinate with local fire jurisdictions such as the cities, counties, Rangeland Fire Protection Associations, other private landowners, IDL and federal land management agencies to implement fire prevention measures.
- B. Lessee and Lessee-directed personnel will carry within vehicles the emergency fire response plan, emergency contact numbers and information including 911 and local fire dispatch centers, a shovel, and radio, cell phone or special communications equipment. All fires shall be reported immediately to Emergency Response.

III. Vegetative Fuels Management

- A. If requested by IDL Lessee agrees to cooperate in the use of targeted grazing as a treatment to reduce vegetative fire fuels, reduce annual grass densities and to enhance and protect PHMAs and IHMAs.

IV. Invasive Plant Species

- A. Vehicles and equipment operated by Lessees that will travel off established roads and trails will be inspected and cleaned of seeds and propagules by Lessee or Lessee-directed personnel to prevent the spread of invasive and Idaho state listed noxious plant species.

- B. Through a cooperative effort Lessee and Lessee-directed personnel will inventory and monitor invasive and Idaho state listed noxious plant species throughout the term of the Lease and report such activities to IDL.
- C. Reclamation activities conducted by or directed by Lessee will include the use of certified weed-free seed mixes approved by IDL. All materials used for reclamation (mulch, straw, etc.) will be certified weed free by the appropriate federal or State of Idaho agency.
- D. Lessee will use best management practices and appropriate treatments including chemical, mechanical and biological to treat invasive and Idaho state listed noxious plant species. When regulated chemicals are part of best management practices, Lessee will use Idaho licensed professional applicators to treat noxious plant species with the approved and properly documented herbicide. Weeds will be treated promptly.

V. Range Management/Livestock Grazing

- A. Livestock management and leks.
 - I. Lessee will use maps provided by IDL, lek routes, and other relevant local information to identify leks and avoid placement of sheep camps, bed grounds, herding or related activities near active leks so as not to disturb displaying birds. Dates of concern are from March 15 through May 1 in lower elevation habitats and March 25 through May 15 in higher elevation habitats.
 - II. Once such leks are identified, IDL will work closely with Lessees, local working groups and/or IFG to identify mutually agreed upon alternative sites or herding routes that eliminate or reduce disturbance. In selecting such alternative sites/routes, focus will be on areas away from leks and that do not provide breeding habitat characteristics, where feasible. If such lek-specific conservation measures cannot be developed (due to time or logistical constraints), domestic sheep grazing activities described above will be avoided within the lesser of 1 km (0.62 mi) or direct line of sight of any such lek during the lekking periods.
- B. Livestock management and late brood rearing habitat.
 - I. Due to the preference of forbs by domestic sheep, Lessee agrees to manage sheep herds within PHMAs and IHMAs using grazing management techniques that promote and maintain a diversity of desirable annual and perennial forbs including:
 - a. Alternate or rotate areas for spring turnout.
 - b. Promote light, once-over use of vegetation, as opposed to repeated use during the same season by the same band or successive bands of sheep.
 - c. Ensure that foremen, herders and sheep camp tenders are informed of management and movement requirements, such as related to the avoidance of recent burns, burned area rehabilitation seedings or other restoration sites.
 - d. Employ open (loose) herding of sheep as opposed to tightly bunched sheep.
 - II. Lessee agrees to manage grazing of riparian areas, meadows, springs, and seeps in a manner that promotes vegetation structure and composition appropriate to the site. In some cases, the IDL-authorized use of enclosure fencing may be a viable option. IDL recognizes that in some cases, (e.g., enclosed meadows) the availability and quality of herbaceous species may be improved by periodic grazing use of enclosure and would be addressed in the Grazing Management Plan approved by IDL.
 - III. In agricultural fields where sage-grouse use has been documented or is likely, Lessees shall avoid or limit use of alfalfa by livestock after the last cutting, to provide residual alfalfa for use by sage-grouse broods.
- C. Livestock management during periods of drought.
 - I. In sage-grouse nesting and brood-rearing habitats, Lessee shall adjust livestock use (season, utilization, stocking, intensity, and/or duration) during drought to minimize the additional stress placed on herbaceous species. This is anticipated to reduce impacts on perennial herbaceous cover, plant species diversity and plant vigor.

- II. Lessee shall adopt management activities recommended by the Idaho Rangeland Drought Task Force committee, as amended from time to time.
- D. Placement of salt and mineral supplements.
 - I. Lessee shall place any salt or mineral supplements in existing disturbed sites, areas with reduced sagebrush cover, seedings or annual grass sites to reduce impacts to sage-grouse breeding habitat. Where feasible, Lessee shall use salts or mineral supplements to improve management of livestock for the benefit of sage-grouse habitat.
- E. Placement of fences and other structures.
 - I. All fencing, corral, and other infrastructure placement and construction and any movement of existing fencing, corrals or other infrastructure within PHMAs and IHMAs requires IDL written approval (see Section 10 of this Lease) and may be subject to IFG analysis prior to such written approval.
 - II. Lessee shall use USDA-NRCS Fence Collision Risk Tool data, as amended from time to time and local knowledge to determine low, medium or high risk levels around occupied leks. Lessee shall flag new and existing wire fence segments in high risk areas, a minimum, with collision diverter markers as defined by USDA-NRCS design practice specifications. Examples of high risk areas include fencing with characteristics such as evidence of grouse fence strikes, gentle topography near a lek or fences that bisect winter concentration area. Lessee shall flag fences in riparian areas, near lek locations and other sensitive areas specifically identified by either IDL or IFG.
 - III. In addition to the requirements of Section 10 of this Lease, IDL will consider the impacts on sage-grouse when determining whether to authorize the placement of new fences and structures. Notwithstanding the foregoing, IDL will not approve construction of fencing and other structures within 1 km (0.62 mi) of occupied leks, as determined by IFG, unless authorized in writing by IFG. Lessee shall place tall structures including but not limited to corrals, loading facilities, water storage tanks, windmills etc., as far as possible from occupied leks to reduce opportunities for perching raptors. Careful consideration, based on local conditions, will also be given by IDL when authorizing the placement of new fences or structures near other important seasonal habitats (winter-use areas, movement corridors etc.). In order to reduce potential impacts, fence markers will be used to mitigate mortality within areas identified by IDL, IFG or Lessee.
- F. Design and placement of water developments.
 - I. In addition to the requirements of Section 10 of this Lease, spring developments authorized by IDL will be designed to maintain or enhance the free-flowing characteristics of springs and wet meadows by the use of float valves on troughs or other features where feasible. Lessee will be required to retrofit all water developments during normal maintenance activities to maintain or enhance lentic, riparian properties and minimize annual maintenance.
 - II. In addition to the requirements of Section 10 of this Lease all livestock troughs and open water storage tanks authorized by IDL will be fitted with wildlife escape ramps/ladders to facilitate the use of and escape from troughs by sage-grouse and other wildlife. Lessee shall install and retrofit troughs/tanks with wildlife escape ramps that meet USDA-NRCS practice design requirements and specifications.

GRAZING LEASE
No. G600025
ROBERT S. MACKENZIE

Article 1. Lease Summary

- 1.1 Lessor Name and Address: STATE OF IDAHO
By and through the State Board of Land Commissioners
300 North 6th Street, Suite 103

Commission expires: 8-2-12

**STATE OF IDAHO
STATE LAND LEASE**

Article 2. Use of Land

- 2.1 **Grazing Use.** The Leased Premises shall be used by Lessee for the purpose of grazing domestic livestock, as specified in this Lease, including all Attachments. No other uses shall be made of the Leased Premises by Lessee without prior written approval of Lessor. At all times Lessee shall practice good husbandry on the Leased Premises.
- 2.2 **Farming Use.** In addition to or in lieu of the use authorized in Article 2.1 of this Lease, the Lessee is authorized to use the number of acres identified on the signature page of this lease for farming purposes. The location and management of said acres shall be designated in the Special Provisions (Attachment A). Said use shall be in accordance with this Lease and all Attachments. No additional use of the Leased Premises for farming purposes shall occur prior to written approval by Lessor. Lessee shall pay to Lessor an additional rental for the identified acres of cropland whether cultivated or not in an amount determined by Lessor pursuant to Lessor's current cropland rental policy, along with the annual base rental payment as set forth in Article 1.4 herein.

Article 3. Rental Rate and Modification of Rent

- 3.1 **Annual Rent Payment.** Lessee agrees to pay to Lessor, in lawful money of the United States, each year's rent for every AUM covered by this Lease, in an amount to be calculated pursuant to Lessor's most current formulas for each applicable use at the time the rental is calculated or recalculated. The rent shall be payable on or before the annual rental payment due date of each successive year. Lessee shall pay the annual rental to Lessor without abatement, offset, or deduction of any kind, unless otherwise authorized by the Lessor through a completed Lease Adjustment form provided by the Lessor. Lessor reserves the right to increase or decrease the annual rent. Lessee will be notified one hundred eighty (180) calendar days in advance of the due date of any increase in rental.
- 3.2 **Late Payment Charge.** If annual rental is not paid in full by the date it is due, Lessor may terminate the Lease upon thirty (30) calendar days written notice to Lessee. In addition, in the event any rent due hereunder is not paid in full when due, Lessee shall pay, in addition to such rent, a late charge in the first calendar month of such delinquency equal to the greater of Twenty-five Dollars (\$25.00) or one percent (1%) of the unpaid rent. For each subsequent calendar month of such delinquency, Lessee shall pay an additional late charge equal to one percent (1%) of the then unpaid rent. The parties acknowledge and agree that the late charge described herein is a reasonable attempt to estimate and to compensate Lessor for higher administration costs associated with administering such late payments and is not intended as a penalty. By assessing this late charge, Lessor does not waive any right to declare a breach and to pursue any right or remedy available to Lessor by reason of such breach, after expiration of any applicable notice or cure period.
- 3.3 **Lien.** The amount of the rent, late charge, and interest shall constitute a lien in favor of the State of Idaho against all of Lessee's Improvements and other property on the Leased Premises, including, but not limited to, crops and livestock.

Article 4. Livestock Carrying Capacity

- 4.1 The grazing period, AUM's, and the number of stock shall be determined by Lessor and may be adjusted from time to time after giving Lessee thirty (30) calendar days notice of any such modifications. Lessee shall furnish such information as may be required to assist Lessor in determining the grazing period and number of stock to be grazed.

Article 5. Lease Terms and Special Provisions

- 5.1 **Lease Terms and Special Provisions.** Prior to issuance of this Lease, Lessee and Lessor must agree to written Lease Terms and Special Provisions. The content of the Lease Terms and Special Provisions shall address all activities that may take place under this Lease and include, but not be limited to, consideration of the kind and number of livestock, the season of use, the movement of livestock, the construction of improvements, the vegetation, noxious weed control and other factors identified by Lessor as necessary for inclusion in the Lease Terms and Special Provisions based on the specific characteristics of the Leased Premises and/or of Lessee's

use of the premises. If the Leased Premises is used in conjunction with federal lands, the management provisions prepared for the federal land may be deemed by Lessor, at its discretion, to satisfy the requirements of this article.

- 5.2 **Modification of Lease Terms and Special Provisions.** Lessor may review and modify any Lease Terms or Special Provisions upon changes in conditions, laws, or regulations, provided that Lessor shall give Lessee thirty (30) calendar days notice of any such modifications prior to the effective date thereof. Prior to Lessee instituting any changes, Lessee must submit, in writing, the proposed changes to Lessor for approval. No changes shall occur prior to Lessor's written approval of the amended Lease Terms or Special Provisions. Modifications mutually agreeable to both Lessor and Lessee may be made at any time.
- 5.3 **Compliance Required.** Lessee shall abide by all Lease Terms and Special Provisions. If Lessee fails to abide by all Lease Terms and Special Provisions, Lessee will be deemed in breach of this Lease and the Lease will be subject to cancellation in accordance with Article 18 of this Lease.
- 5.4 **Reimbursement for Non-Standard Administrative Costs.** The Lessee shall reimburse the Lessor for administrative costs incurred to address issues of compliance. Lessor's request for payment to Lessee will include a detailed description of the work completed and actual expense incurred.
- 5.5 **Records to be Retained.** Lessee must keep records showing the numbers and class of livestock on the Leased Premises and the dates put on and removed from the Leased Premises, as well as records relating to the construction of improvements. Lessor may require Lessee to produce these records.
- 5.6 **See Attachment A of this Lease for the Special Provisions in effect as of the date of execution of this Lease.**

Article 6. Subleasing or Assignment

- 6.1 **Written Approval Required.** Lessee shall not sublease or authorize another person to use any part of Lessee's interest under this Lease, or assign this Lease, without the prior written consent of Lessor to be evidenced by Lessor's execution of consent forms provided by Lessor for that purpose. Any request for approval of a sublease or assignment must be in writing, complying with the statutes or rules governing subleasing, and accompanied by a copy of the proposed sublease agreement and the appropriate processing fee. Lessor may withhold consent for any reason. Any attempt by Lessee to sublease Lessee's interest in the Leased Premises or any part of the Leased Premises or to assign this Lease, shall be void unless Lessor has given such prior written consent. No request for Lessor's approval of any assignment or sublease will be considered unless all rent due has been paid in full, and Lessee is in good standing under the terms of the Lease. No sublease will act as a release of Lessee's obligations hereunder unless Lessor executes a separate written release of Lessee. Lessor has no obligation to so release Lessee, and Lessor can withhold such release at Lessor's sole discretion. Any sublease or assignment will be subject to, but not limited to, to the existing Lease Terms and Special Provisions. The sublease cannot go beyond the Lease expiration date.
- 6.2 **Additional Rental Due.** In the event the Leased Premises is subleased in accordance with Article 5 for an amount greater than the base rental, Lessee shall in addition to Lessee's annual base rental pay to Lessor an amount equal to one-half (1/2) the difference between Lessee's base rental rate herein established, and the rental rate paid by Sublessee.
- 6.3 **Improvements.** Upon approved sublease or assignment, ownership of any existing Lessee-owned improvements under this Lease must be separately negotiated between Lessee and such Sublessee or Assignee.
- 6.4 **Copies to be Filed.** Copies of all assignments, subleases, pasturage or any other agreement of any kind or nature involving the use of the Leased Premises by another person shall be timely filed with Lessor.

Article 7. Leasehold Mortgage

- 7.1 Lessee shall not mortgage, pledge or otherwise dispose of Lessee's interest in the Lease, or any portion thereof, without prior written consent of Lessor. Lessee shall use mortgage or deed of trust forms provided by Lessor, and shall submit completed forms and appropriate fee to Lessor for review and approval. The term of a mortgage agreement shall not exceed the Lease term. Lessor may accept or reject a leasehold mortgage at its discretion.

Article 8. Environmental, Safety and Sanitary Requirements

- 8.1 **No Hazardous Materials.** Lessee shall neither commit nor permit the use, placement, transport or disposal of any hazardous waste, including, but not limited to, petroleum products, such as oil, gasoline, or any other substance that is or is suspected to be a hazardous substance or material on the Leased Premises except the customary use associated with weed and pest control, machinery, equipment and vehicles. Lessee shall be responsible, and shall pay all costs for the removal or other appropriate remedial action regarding any hazardous waste, substances, or materials which Lessee may have caused to be introduced on the land. Any such remediation or removal or storage must be conducted in accordance with applicable federal, state, or local law, regulation, rule or ordinance and Lessee shall immediately, upon the introduction of any hazardous waste, substances or materials onto the Leased Premises, contact the Idaho Department of Environmental Quality (DEQ) and enter into a consent order for remediation with DEQ, provided however, Lessee shall not forestall commencing any necessary remediation while negotiating the terms of any consent order with DEQ, unless Lessee is so authorized in writing by Lessor. In event of introduction of any hazardous waste, substances or materials, Lessor may also require Lessee to enter into consent orders or other agreements with any other relevant agency. Lessee shall indemnify, defend and hold Lessor harmless from all costs, expenses, damages or fines relating to pollution and hazardous materials including, without limiting the generality of the foregoing, attorney fees and costs of defense or of enforcement of Lessor's rights hereunder. The amount of any costs incurred by Lessor due to Lessee's violation of this provision shall constitute a lien in favor of the State of Idaho against all of the Lessee's improvements and other property on the Leased Premises including, but not limited to, crops and livestock.
- 8.2 **Fire and Safety Regulations.** Lessee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances for fire protection and prevention. Lessee agrees to keep the land free from fire hazards as determined by Lessor. Lessee is prohibited from burning garbage or household trash and any burning on the land, including the burning of wood, weeds or other debris, but excepting campfires necessary for the use under this Lease, requires the prior written permission of Lessor. Any burning must comply with applicable federal, state or local law, regulation, rule or ordinance.
- 8.3 **Sanitary Requirements.** Concerning activities authorized under this Lease, Lessee shall at all times keep the land in a clean and sanitary condition, free of trash, garbage and litter so the land is maintained in the same or better condition as when this Lease was issued. Lessee shall not dispose of sewage except in conformity with applicable federal, state, and local law, rules and regulations pertinent to Lessee's use and shall dispose of sewage on the Leased Premises only if specifically authorized by Lessor. The Lessee shall not store trash on the Leased Premises nor transport trash, garbage, litter or debris onto the Leased Premises. Lessee shall dispose of all trash, garbage and carcasses in conformity with all legal requirements. Lessee is responsible for all costs associated with sewage, garbage and litter disposal.

Article 9. No Warranty of Suitability - Quiet Enjoyment - Public Use

- 9.1 **No Warranty.** Lessee acknowledges that neither Lessor nor any agent of Lessor has made any representation or warranty with respect to the land or concerning the suitability of the land for the uses intended by Lessee. Lessee acknowledges that it has accepted the land in an AS IS CONDITION, accepting any and all known or unknown faults therein.
- 9.2 **Quiet Enjoyment.** Lessor agrees that Lessee, upon payment of the rent and performing the terms of this Lease, may quietly have, hold and enjoy the land, for the purposes and uses allowed hereunder, during the term hereof. Lessee acknowledges that the Lease is non-exclusive, and Lessor retains the right to use of the land, or to grant rights to others for use of the land, to the extent any such use does not materially interfere with Lessee's purpose and uses allowed hereunder, unless otherwise provided for in this Lease.
- 9.3 **Public Use.** Lessee must allow the general public the right to use the Leased Premises for any lawful use available to the public for lands owned by the State of Idaho. However, nothing in this Lease authorizes or purports to authorize trespass on private lands to reach state-owned lands. Public use of State lands shall not be restricted without prior written approval of Lessor. This Lease is not an exclusive control lease as described under Idaho Code § 36-1603(b).

Article 10. Water Right and Water Use

- 10.1 **Pre-Existing Water Rights.** The Lessor may have authorized the use of the Leased Premises in the past for grazing purposes. In addition, the Lessor and its authorized agents may have made improvements to springs and other water sources in the past to aid in the grazing use of the Leased Premises. Such use may have created a beneficial use water right in accordance with state law. Since the filing of a notice of claim for such beneficial use of water was not mandatory for *de minimis* stockwatering purposes in certain water right adjudications, most of these beneficial use water rights are not of record with any other agency of the State of Idaho. The grazing of livestock on the Leased Premises and the use of any and all water sources on the Leased Premises by Lessee's livestock shall be by and for the maintenance of any existing water rights that the Lessor may possess on the Leased Premises. Lessee shall be entitled to use the water on the Leased Premises, but only for the use allowed in this Lease. Such use of any water rights by Lessee shall be in conformance with Idaho water law.
- 10.2 **Future Water Rights and Water Use Generally.** The establishment of any new water rights during the term of this Lease shall be by and for Lessor and no claim thereto shall be made by Lessee. Such water rights shall attach to and become appurtenant to the Leased Premises, and the Lessor shall be the owner thereof. The use of any water rights by the Lessee shall be in conformance with Idaho water law. Lessee must receive the prior written consent of Lessor or its authorized agent, and the prior written consent of any department or agency of the State of Idaho having jurisdiction to regulate water rights or water use in and for the State of Idaho for any of the following:
- A. To drill and use a water well,
 - B. To develop and use any source of water,
 - C. To cause any water to be conveyed off the Leased Premises,
 - D. To bring water onto the Leased Premises.
- 10.3 **Water Systems.** If water is supplied to the land by a water system operated by the State of Idaho, the use of such system and the supply of water provided thereby may be curtailed or terminated upon thirty (30) calendar days written notice of Lessee from Lessor or its authorized agent. Neither Lessor nor its agents and employees nor any entity of the State of Idaho shall be liable in any manner for damage or inconvenience to the Lessee by reason of failure or, damage to, or termination or curtailment of the operation of any water system or source supplying water to the land.
- 10.4 **No Right of Access to Water Rights Upon Expiration or Termination of Lease.** Upon Expiration or Termination of this Lease, the Lessee shall have no right to access any point of diversion or any place of use of any water right on the Leased Premises without the prior written consent of the Lessor.

Article 11. Noxious Weeds

- 11.1 The Lessee shall cooperate with Lessor or any other agency authorized to undertake programs for control or eradication of noxious weeds. Lessee shall take measures to control noxious weeds on the Leased Premises in accordance with Title 22, Chapter 24, Idaho Code, except those resulting from activities beyond the Lessee's control. Costs for control of noxious weeds on the Leased Premises shall be the responsibility of the lessee, unless otherwise provided for in the Special Provisions included in Attachment A.
- 11.2 The Lessee shall ensure that prior to moving onto the Leased Premises that all equipment is free of noxious weeds and their seeds as defined by the Idaho Department of Agriculture and local Coordinated Weed Management Area. Cleaning of contaminated equipment and vehicles shall not take place on any state endowment land.
- 11.3 All straw and forage used for livestock feed, with the exception of that grown on the Leased Premises or on Lessee's immediately adjacent land, must be certified in accordance with the Idaho Department of Agriculture Forage and Straw Certification Rules (IDAPA 02.06.31) and must be certified as Idaho State Noxious Weed Free

Article 12. Construction of Improvements

- 12.1 **Permit Required.** Lessee shall not construct or reconstruct, initiate or place improvements or structures of any character (herein referred to as "improvements") on or to the Leased Premises without the prior expressed, and written permission of Lessor. Said permission shall be in the form of a permit issued by Lessor, and shall be required for any improvement or structure on the Leased Premises including, but not limited to, range improvements, buildings or other structures, water developments, fences, vegetation treatment, or the clearing of land. Lessee shall submit project plans to the Lessor. If the project plans are approved and permitted in writing by Lessor, then Lessee shall construct and implement the improvements in full compliance with the approved plans, the permit and all applicable building codes, rules and laws. Permitted improvements shall be the property of Lessee, unless otherwise provided in the permit or approved Lease Terms and Special Provisions. Failure to obtain a written permit prior to construction and implementation of any improvement will be considered a trespass violation and may result in cancellation of the Lease or cause the Department to initiate proceedings to recover damages as provided for in IDAPA 20.03.14. Any improvement associated with the uses authorized in this Lease and placed on endowment land prior to January 1, 1970 is considered grandfathered and properly authorized even though there may be no documentation of authorization.
- 12.2 **Condition of Improvements.** At all times during the term of this Lease, Lessee shall keep all improvements in good repair and functional condition to the satisfaction of Lessor. Any and all fences shall be neat, stock-proof, lawful fences and gates.
- 12.3 **Maintenance of Improvements.** Lessee may be required to remove or reconstruct improvements in poor or non-servicable condition. Existing maintenance agreements on lands acquired from the federal government shall remain in effect until amended by the parties involved. If maintenance is not being accomplished, Lessor shall provide a letter to Lessee informing Lessee of the violation of the Lease. If work is not begun within thirty (30) calendar days and completed in a timeframe specified by the Lessor, Lessor may contract repairs and bill Lessee for actual costs incurred.
- 12.4 **Removing Improvements.** Lessee shall not remove, relocate or otherwise alter any improvements without prior written permission from Lessor.
- 12.5 **Cost of Improvements.** Any permitted improvement constructed by or at the request of Lessee, shall be constructed at Lessee's own expense, unless Lessor and Lessee shall have entered into a prior written cost sharing agreement for construction of such improvement.
- 12.6 **Permitted Improvements At Lease Expiration/Termination.** Upon expiration or termination of this Lease for any reason, other than a default by Lessee, and in the event Lessor leases the land to a new lessee, Lessor shall require the new lessee to pay Lessee the then existing value of the permitted improvements in accordance with the then existing statutes and rules. Said value shall be determined through a valuation conducted by Lessor or by Lessee's documented cost of construction if the improvement was authorized after July 1, 2009. Improvement payments shall be first applied towards any rent or other monies due to Lessor before being disbursed to Lessee. Lessor does not hereby agree or become obligated to pay any such value to Lessee, such obligation shall be solely on the subsequent lessee, if any. Any improvement which Lessee is entitled or required to remove upon expiration of the Lease must be removed within six (6) months of the expiration of the Lease, otherwise it is deemed abandoned and title to such abandoned improvement shall vest in the State of Idaho. Provided, however, Lessor may authorize, in writing, prior to the expiration of the six (6) month time period, additional time for removal of improvement(s) by Lessee. Failure of Lessee to remove any such improvement within the extended time period established by Lessor shall constitute an abandonment of Lessee's rights to such improvement.
- 12.7 **Improvements Not Approved.** At any time during the term of the Lease, or upon expiration or termination of this Lease for any reason, Lessor may require, at Lessor's sole discretion, that Lessee remove any improvement placed on the Leased Premises without a prior permit from Lessor. The full cost of such removal, including the restoration of the Leased Premises, shall be solely Lessee's. In the event Lessor does not elect to require such removal, Lessee's failure to secure such permit shall constitute forfeiture. Title to any improvement placed on the Leased Premises without a permit from Lessor shall, at Lessor's option, immediately vest in Lessor without waiver of Lessor's right to require removal of the same by Lessee.

- 12.8 **Lessor's Removal of Improvement.** Lessor may, at its discretion, remove or have removed the abandoned or non-permitted improvement and Lessee shall be responsible for the full cost of removal and restoration of the Leased Premises. Nothing in this Article shall relieve Lessee from the obligation to remove any improvement as required by Lessor under other terms within this Lease or the permit authorizing the improvement.

Article 13. No Liens

- 13.1 Lessee will not permit or suffer any liens of any kind or nature to be effected on or enforced against the Leased Premises, including, but not limited to, any mechanics' liens or material suppliers' liens for any work done or materials furnished on the Leased Premises at Lessee's instance or request. Lessee shall ensure that full payment is made for any and all materials joined or affixed to the Leased Premises pursuant to this Lease and for any and all persons who perform labor on the land.

Article 14. Sale, Exchange or Reclassification of Leased Premises

- 14.1 **Sale.** Lessor may sell all or any portion of the Leased Premises during the term of this Lease. Lessor will notify Lessee that the Leased Premises are being considered for sale at the time the proposed sale is scheduled for submission to the Land Board for approval. Lessee will be notified of a scheduled sale at least thirty (30) calendar days prior to sale date. Lessee shall deliver immediate possession of the land sold unto Lessor, or to the person or party as may be specified in writing by Lessor or Lessor's designee, unless the land remains subject to the Lease, or unless Lessee is to be permitted to harvest a growing crop before surrendering possession. When creditable improvements are present, and Lessee delivers possession of the land, Lessor shall value them in accordance with Idaho Code § 58-313, or the then existing applicable statute or rule, and Lessee shall be paid for the improvements by the purchaser on the day of sale. Lessee shall have the rights provided by Article 12.6, and the then existing statutes or rules with respect to compensation for permitted improvements placed upon the Leased Premises by Lessee.
- 14.2 **Consent To Land Exchange.** Lessee acknowledges that the Leased Premises, or any portion thereof, may be the subject of a future land exchange by Lessor, and Lessee hereby consents to the inclusion of any such land, or portion thereof, in any land exchange deemed necessary or appropriate by Lessor. This consent is given in compliance with Idaho Code § 58-138. In the event Lessor chooses to include the Leased Premises, or any portion thereof, in any proposed land exchange in the future, Lessor shall provide Lessee with at least thirty (30) days written notice from the Director of the Department of Lands. Upon the consummation of the proposed land exchange, that portion of lands included within the exchange shall be deleted from this lease, and Lessee's lease payment obligation for the ensuing year shall be reduced proportionately. Lessee shall be entitled to continue to use the lands included within any such exchange for the balance of the year in which the exchange occurs unless otherwise notified in writing by Lessor, in which event the lease payment for such year shall be prorated.
- 14.3 **Change in Use.** The Lease may be cancelled in whole or in part upon one hundred eighty (180) calendar days written notice by Lessor if the use of the Leased Premises is to be changed to any other use that is incompatible with the use authorized by this Lease, as designated by Lessor. In the event of early cancellation due to change in land use, Lessee will be entitled to a prorata refund of the premium bid for a conflicted lease.

Article 15. Relationship of the Parties

- 15.1 Lessee is not an officer, employee or agent of Lessor. In no event shall any official, officer, employee or agent of Lessor or of the State of Idaho be in any way personally liable or responsible for any covenant or obligation contained in this Lease, express or implied, nor for any statement, representation or warranty made in connection herewith.

Article 16. Reservations by Lessor

- 16.1 Lessor expressly reserves and excepts the following rights:
- A. To enter upon the Leased Premises, or any portion thereof, during the term of this Lease for any purpose, including, but not limited to, the purpose of inspecting the Leased Premises.

B. All rights not expressly granted to Lessee under this Lease, including, but not limited to, all rights to timber, oil and gas, geothermal rights, mineral rights, easements and rights-of-way, water, and fee title to the Leased Premises, and title to all appurtenances and improvements placed thereon by Lessor.

C. To grant easements and rights-of-way over and across the Leased Premises. Lessor shall coordinate with Lessee before processing any easement applications on the Leased Premises. The grantee of such easement shall, before exercising the same, pay Lessee the reasonable value of any permitted improvements and any growing and immature crops, if crops or improvements are impacted by the easement. Said value shall be determined by Lessor's valuation.

D. To issue other leases on the Leased Premises. Such other leases may be for any purpose deemed appropriate by Lessor, including, but not limited to, the exploration and development of oil, gas, geothermal and mineral resources as provided by Title 47, Idaho Code. In the event any such other lease is granted by Lessor, the other lessee shall, before exercising the same, pay Lessee the reasonable value of any permitted improvements and any growing and immature crops, if crops or improvements are impacted by the other lease. Said value shall be determined by Lessor's valuation. If the other lease conflicts with the grazing use or makes consumptive use of forages, the grazing rental will be adjusted to reflect such loss of use.

E. To require that changes be made in the use under this Lease, and/or to the improvements on the Leased Premises, including, but not limited to, the sanitation or other facilities for the protection of public health, safety, preservation of property or water quality.

F. To reserve as Lessor's sole property any and all water appurtenant to Lessor's land or from any source arising thereon and to hold water rights for any beneficial use that may be developed as a result of this Lease, and as further provided in Article 9 herein.

G. Rights of ingress, egress, and access, over and across the Leased Premises for Lessor and its lessees, permittees, contractors, and assigns on existing roads, or on suitable alternative roads provided by Lessee.

H. To change the use of the Leased Premises, in whole or in part, for other uses that will better achieve the objective of Lessor. Upon a change in use this Lease may, at Lessor's discretion, be terminated in whole or as to the affected part. In the event of any such termination due to a change in use, the provisions of Article 11 relating to compensation for permitted improvements shall apply.

I. To sell timber on the Leased Premises or otherwise conduct forest management activities, Lessor reserves the right to restrict or prohibit grazing use on all or portions of the Leased Premises for timber management purposes. Lessee will be given not less than one hundred eighty (180) calendar days written notice of any such restrictions or termination of grazing use, together with a map of the restricted area.

J. To restrict or prohibit grazing on all or any portion thereof of the Leased Premises in response to emergency conditions such as, but not limited to, fires, flooding and drought.

K. To sell all or any portion of the Leased Premises at any time during the term of this Lease, and as further provided in Article 13 herein.

L. To harvest seed from plants on land not under a farming lease. Lessor will coordinate the harvesting activities with Lessee to minimize impacts on livestock operations or farming operations.

M. To close roads for road protection, wildlife protection or administrative purposes. Planned road closures will be reviewed with Lessee prior to action by Lessor.

N. To claim all permanent improvements placed upon the Leased Premises remaining after six (6) months in cases of abandonment by Lessee or to take possession immediately in cases of cancellation upon breach of any of the conditions of the Lease. No improvements will be disposed of by Lessor until all appeals have been exhausted.

Article 17. Indemnification

- 17.1 Lessee shall indemnify, defend and hold harmless Lessor, the State of Idaho, its officers, agents and employees from and against any liability, claims, actions, damages, costs, expenses or losses, including reasonable attorney's fees and costs caused by or arising out of the performance, acts or omissions of Lessee, Lessee's agents, officers or employees, or persons using the Leased Premises with Lessee's permission, or otherwise arising out of Lessee's use or occupation of the Leased Premises; or arising from the failure of the same to comply with any applicable state, federal, local, law, statute, rule, regulation, act, or provision of this Lease. This duty to indemnify, defend and hold harmless shall encompass any claims which include or allege negligence of Lessor, its agents, officers or employees other than claims which arise solely out of negligence on the part of Lessor, and this duty shall survive the termination or expiration of this Lease.

Article 18. Payment of Taxes, Assessments or Fees - Lien

- 18.1 Unless otherwise provided, Lessee shall pay all water charges, fees, assessments or taxes of whatsoever nature that may be legally levied or assessed against the Leased Premises herein described, or any portion thereof or on any improvements thereto. If the same is not paid, it shall constitute a lien in favor of the State of Idaho against all improvements, livestock or crops growing on the Leased Premises.

Article 19. Lessee's Default

- 19.1 Lessee's Failure to Comply. Lessee's failure to comply with the Lease Terms and Special Provisions shall be a breach giving rise to a basis for termination of the Lease. Lessor shall provide Lessee thirty (30) calendar days written notice of the cancellation and, if applicable, the corrective action required of Lessee. The notice shall specify a reasonable time to make a correction or cure the violation or breach, if such breach is subject to correction or cure. If the corrective action or cure is not taken within the specified time or does not occur, then the Lease shall be automatically terminated on the date specified in the written cancellation notice without any further notice or demand, unless otherwise agreed by Lessor in writing. Lessee shall not, while in default, remove any of the improvements, livestock or crops thereon, whether crops are harvested or not unless directed by Lessor. In addition to the rights and remedies specifically granted to Lessor under this Lease, Lessor shall have such other rights and remedies against Lessee as are available at law or in equity, and Lessor's pursuit of any particular remedy for breach shall not, in and of itself, constitute a waiver or relinquishment of any other compatible claim of Lessor against Lessee.
- 19.2 Lessor's Performance Upon Lessee Default. In the event Lessee fails to perform any act or do anything which Lessee is required to do under the terms of this Lease, Lessor shall have the right, but not the obligation, to perform on behalf of Lessee, any such action. Lessee shall immediately reimburse Lessor for all costs and expenses, including attorney fees, (including fees from the Office of the Attorney General of the State of Idaho), incurred by Lessor in performing any such act or thing. Lessee's obligation to pay costs hereunder shall be deemed to be additional rent fully due and payable on demand from Lessor.

Article 20. Surrender of Land

- 20.1 Lessee shall, at the termination or expiration of this Lease, deliver immediate possession and vacate the Leased Premises, leaving it in the same or better condition than it was in at the time of Lessee's entry on such premises under this agreement, except for reasonable use and wear, acts of God, or damage by causes beyond the control of Lessee, and upon vacating shall leave the demised land free and clear of all rubbish and debris, and with all improvements in good order and condition.

Article 21. Cancellation By Mutual Agreement

- 21.1 Leases may be cancelled by mutual agreement between the Lessor and the Lessee. The Lessor will not unreasonably withhold approval of a request for cancellation by a Lessee.

Article 22. Notices

- 22.1 Notices. Any notice or any demand given under the terms of this Lease shall be deemed given and delivered on the date when personally delivered or if mailed, the date same is deposited in the United States Mail, and mailed by regular or certified mail, postage prepaid and properly addressed to the appropriate party.

- 22.2 Addresses. Until changed by notice in writing, notice, demands, and communications under this Lease shall be addressed to Lessor at:

Idaho State Board of Land Commissioners
300 North 6th Street, Suite 103
PO Box 83720
Boise, Idaho 83720-0050

and to Lessee at the address set forth at the beginning of this Lease. Any notice or correspondence mailed to Lessee at the last identified address shall be deemed effective delivery. It is Lessee's duty to notify Lessor, in writing, of any change in mailing address.

Article 23. Waiver

- 23.1 The waiver by Lessor of any breach of any term, covenant or condition of this Lease shall not be deemed to be a waiver of any past, present or future breach of the same or any other term, covenant or condition of this Lease. The acceptance of rent by Lessor hereunder shall not be construed to be a waiver of any violation of the term(s) of this Lease. No payment by the Lessee of a lesser amount than shall be due according to the terms of this Lease shall be deemed or construed to be other than a part payment on account of the most recent rent due, nor shall any endorsement or statement of any check or letter accompanying any payment be deemed to create an accord and satisfaction.

Article 24. Attorneys' Fees and Costs

- 24.1 In the event Lessor initiates a legal proceeding of any kind instituted under this Lease or to obtain performance of any kind under this Lease, and Lessor prevails, Lessor shall be awarded such additional sums as the court may adjudge for reasonable attorney's fees (including fees from the Office of the Attorney General of the State of Idaho) and to pay all costs and disbursements incurred in such proceeding, including, but not limited to, accountants' fees and fees of appraisers or other experts.

Article 25. Lessee's Compliance with Applicable Laws and Rules

- 25.1 Full compliance. Lessee shall fully comply with all applicable federal, state, or local statutes, ordinances, rules, regulations and laws now existing or hereafter enacted. This shall include, but not be limited to, all applicable rules and regulations and standards promulgated by the State Board of Land Commissioners or the Idaho Department of Lands, including but not limited to, the rules governing leasing of endowment lands, IDAPA 20.03.14.
- 25.2 No Waste or Nuisance. Lessee shall not use the land in any manner that would constitute loss or waste, nor shall Lessee allow the same to be committed thereon. Lessee shall not do anything which will create a nuisance or a danger to persons or property.

Article 26. Miscellaneous

- 26.1 No Trespass. Lessee shall not use nor allow Lessee's livestock or livestock from adjacent lands to graze or run at large over lands belonging to Lessor not under lease to Lessee or approved within the Lease Terms and Special Provisions.
- 26.2 Appraisals and Valuations. Any appraisal or valuation by Lessor called for in this Lease shall be done by Lessor in accordance with applicable state law and regulations, and the then existing policy of Lessor.
- 26.3 Subject to Existing Leases/Easements. This Lease is expressly subject to any right-of-way, easement, lease or contract, including, but not limited to, any present or future timber sale contract, that are now in force and effect or that may hereafter be granted relating to the Leased Premises.
- 26.4 Timber. This Lease does not authorize Lessee to cut any timber growing on the Leased Premises. Any unauthorized use of such timber by the Lessee or with his knowledge or consent, shall work a forfeiture of this Lease without notice, and said Lessee shall be responsible for damages in the amount of treble the value of the timber used or taken and all other damages. Said timber value to be determined by Lessor.

- 26.5 Modification. This Lease may be modified only by a fully executed Lease Adjustment on a form provided by Lessor.
- 26.6 Binding on Heirs and Successors. This Lease, including the Lease Terms and Special Provisions, shall inure to the benefit and be binding upon the heirs, executors, successors, sublessees, and assigns of the parties.
- 26.7 Lessee's Non-Discrimination. Lessee shall not discriminate against any person because of race, creed, religion, color, sex, national origin or disability.
- 26.8 Paragraph Headings. The paragraph headings, titles and captions used in this Lease are for convenience only and are not part of the Lease.
- 26.9 Entire Agreement. This Lease, including all exhibits attached hereto, contains the entire agreement between the parties concerning the subject matter hereof and supersedes any and all prior agreements. The execution of this Lease has not been induced by either party, or any agent of either party, by representations, promises or undertakings not expressed herein and, further, there are no collateral agreements, stipulations, covenants, promises, inducements or undertakings whatsoever between the respective parties concerning this Lease except those which are expressly contained herein.
- 26.10 Governing Law and Forum. This Lease shall be construed in accordance with and governed by the laws of the State of Idaho and the parties consent to the jurisdiction of Idaho State courts located in Ada County in the event of any dispute with respect to this Lease.
- 26.11 Severability. In the event any provision of this Lease shall be held invalid or unenforceable according to law, for any reason whatsoever, then the validity, legality or enforceability of the remaining provisions shall not in any way be affected or impaired.
- 26.12 Counterparts. This agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute but one and the same instrument.

Special Provisions

Attachment A

Lease Number: G600025

Lease Applicant: Robert S. MacKenzie and Karen F. MacKenzie

Allotment Name: Indian Meadows/ Howl Creek FFR

Grazing:

Number of Livestock by Class

cow/calf pairs	125	yearlings	_____	bulls	_____
sheep	_____	horses	_____	other (specify)	_____

Season of Use (specific dates and total number of days): 06/01-10/1 (aprox. 120days)

MANAGEMENT PROVISION

The following Management Provision is a summary of the grazing and/or cropland management strategy agreed to by the Lessee and Idaho Department of Lands to address identified resource concerns and management objectives.

This state lease is surrounded by BLM and private ground and is not fenced separate. MacKenzies control and own the private land within the Indian Meadows and Howl Creek FFR that contain this state lease. MacKenzies are authorized by the BLM to graze the BLM lands within the Indian Meadows/Howl Creek FFR.

This state lease is used in conjunction with BLM and private lands. Although the allotment is divided into three pastures, MacKenzies only utilize one of those pastures, the other pastures are used by Bruce and Johnstone. The lessee turns out 125 head of cattle onto the allotment at approximately June 1, and the lessee begins moving them back onto private lands by September 1. Lessee uses horses and salt placement to disperse cattle evenly over the pasture. When desired utilization has been reached on perennial grass species, the cattle will be moved into the next area. Salt is placed at least ¼ mile from streams and water developments to aid in the distribution of livestock in the allotment. Dates and numbers are subject to change based on range readiness and utilization.

The lessee will work with IDL to control noxious weeds using the integrated weed management process. The integrated weed management process will include early detection and eradication of new infestations of new noxious weeds, control and possible eradication of current weed infestations, and bio-control if needed.

Grazing management, identified above, will address identified concerns and meet department objectives by allowing for adequate rest during, and between, the growing season(s), which will promote good plant vigor and recruitment of desirable species.

ATTACHMENT C

INSTRUMENT ADJUSTMENT

Instrument No.: **G600025**

Individual or Entity of Record: **Robert S MacKenzie**

Current Conditions:

Article 1.4.

Rent terms are more particularly described in Article 2, Rental Rate and Modification of Rent, of this Lease.

Article 5

5.3 Compliance Required. Lessee shall abide by all Lease Terms and Special Provisions. If Lessee fails to abide by all Lease Terms and Special Provisions, Lessee will be deemed in breach of this Lease and the Lease will be subject to cancellation in accordance with Article 18 of this Lease.

Article 6

6.2 Additional Rental Due. In the event the Leased Premises is subleased in accordance with Article 5.1 for an amount greater than the base rental, Lessee shall in addition to Lessee's annual base rental pay to Lessor an amount equal to one-half (1/2) the difference between Lessee's base rental rate herein established, and the rental rate paid by Sublessee.

☐☐☐ Article 16.1

Article 16.1

- F. To reserve as Lessor's sole property any and all water appurtenant to Lessor's land or from any source arising thereon and to hold water rights for any beneficial use that may be developed as a result of this Lease, and as further provided in Article 9 herein.
- H. To change the use of the Leased Premises, in whole or in part, for other uses that will better achieve the objective of Lessor. Upon a change in use this Lease may, at Lessor's discretion, be terminated in whole or as to the affected part. In the event of any such termination due to a change in use, the provisions of Article 11 relating to compensation for permitted improvements shall apply.
- K. To sell all or any portion of the Leased Premises at any time during the term of this Lease, and as further provided in Article 13 herein.

RECEIVED
JUN 28 1997
BOISE, IDAHO

New Conditions:

Article 1.4.

Rent terms are more particularly described in Article 3, Rental Rate and Modification of Rent, of this Lease.

Article 5

5.3 Compliance Required. Lessee shall abide by all Lease Terms and Special Provisions . If Lessee fails to abide by all Lease Terms and Special Provisions, Lessee will be deemed in breach of this Lease and the Lease will be subject to cancellation in accordance with Article 19 of this Lease.

Article 6

6.2 Additional Rental Due. In the event the Leased Premises is subleased in accordance with Article 6.1 for an amount greater than the base rental, Lessee shall in addition to Lessee's annual base rental pay to Lessor an amount equal to one-half (1/2) the difference between Lessee's base rental rate herein established, and the rental rate paid by Sublessee.

Article 16.1

- F. To reserve as Lessor's sole property any and all water appurtenant to Lessor's land or from any source arising thereon and to hold water rights for any beneficial use that may be developed as a result of this Lease, and as further provided in Article 10 herein.
- H. To change the use of the Leased Premises, in whole or in part, for other uses that will better achieve the objective of Lessor. Upon a change in use this Lease may, at Lessor's discretion, be terminated in whole or as to the affected part. In the event of any such termination due to a change in use, the provisions of Article 12 relating to compensation for permitted improvements shall apply.
- K. To sell all or any portion of the Leased Premises at any time during the term of this Lease, and as further provided in Article 14 herein.

Justification:

This lease adjustment corrects cross-referencing errors internal to the original lease document.

We, the undersigned, hereby agree that this Adjustment shall become part of State of Idaho Instrument No. G600025, and that beginning January 1, 2010, and ending 12/31/2019, the above rates, acreages and conditions shall apply in accordance with this Adjustment.

 (cfs or acre-feet per year)
 Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
6. Total quantity to be appropriated is (a) _____ cubic feet per second (cfs) and/or (b) _____ acre-feet per year (af).
7. Proposed diverting works:
 a. Describe type and size of devices used to divert water from the source. Perforated pipe, cleaned rock, 1 1/2" plastic pipe, watering trough
 b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 12. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No
 c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
 d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
 e. If well is already drilled, when? _____; drilling firm _____; well was drilled for (well owner) _____; Drilling Permit No. _____

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
 Fee \$ 100 Received by KT Receipt No. W047353 Date 4/26/19

8. Description of proposed uses (if irrigation only, go to item 9):

- Hydropower; show total feet of head and proposed capacity in kW. _____
- Stockwatering; list number and kind of livestock. 100 hd of beef cows
- Municipal; must complete and attach the Municipal Water Right Application Checklist.
- Domestic; show number of households _____
- Other; describe fully. _____

9. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
<u>7S</u>	<u>6W</u>	<u>25</u>																	

Total number of acres to be irrigated: _____

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? N/A

- Who owns the property at the point of diversion? State of Idaho
- Who owns the land to be irrigated or place of use? State of Idaho
- If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. Water will be collected through perforated pipe. Gravity flow will take the water through plastic pipe into a watering trough. An overflow system for excess water will be attached to the trough to divert water back to the draw. The Spring will be fenced to avoid damage to the project.

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).

14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

RE: Application for Permit Nos. 55-13969 & 55-13970

Dear Ms. Green:

The Idaho Department of Water Resources (IDWR) is seeking written comment and/or recommendations from your agency regarding the above referenced water right applications. Copies of the applications are enclosed with this email for your reference. Please review the applications, complete the enclosed recommendation form, and submit your reply, if any, to this office by the protest deadline of **July 8, 2019**.

If your agency desires to formally protest approval of these applications, you may do so by filing a written protest along with a \$25.00 filing fee for each protested application by the protest deadline.

IDWR will assume your agency does not object to these applications if a timely response is not received. Please contact me if you have any questions regarding the applications. Thank you for your help.

Sincerely,

Anna Kaiser | Administrative Assistant I

Application for Permit No. 55-13969 & 55-13970

Dear Applicant:

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the OWYHEE AVALANCHE on 6/19/2019 and 6/26/2019. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Anna Kaiser
Administrative Assistant

RE: New Application for Permit

Dear Applicant:

I am writing you today in regard to your two applications for permit to appropriate water which both propose to divert 0.002 cfs for stock water. The Department cannot continue to process your permit application until the following items are addressed.

Enclosed is a copy of your original application for you to amend. Changes to your application should be made by crossing out the old values, writing in the new values, and adding the date and your initials next to the changes.

Item 4. Location of point of diversion.

- Include 40 acre quarter-quarter information in table.
- Spring 1 appears to be in T07S R05W Sec. 24 SE SE
- Spring 2 appears to be in T07S R05W Sec. 25 NE NE

Item 5. Double check the rate of diversion.

- The normal diversion for stock water is 0.03 cfs for 51 to 100 beef cattle.

Item 9. Description of place-of-use.

- Include 40 acre quarter-quarter information in table.

Signature Line. Since the application is being filed in the name of the Idaho Department of Lands (IDL), the application must be signed by an authorized representative of IDL, including title.

Lease Agreement: Please include a copy of lease agreement between IDL and the Lessee.

Please return your amended application to resume processing. The amended form is needed to establish a priority date for your application. Once I receive your amended application, I will move your application forward to the next step, which is advertising. If the Department does not receive your written response within thirty (30) days, a refund will be issued for this filing.

Please let me know if you have any questions regarding the content of this letter. I can be reached by phone at 208-334-2190 or by email at allen.bradbury@idwr.idaho.gov. IDWR forms and other

information can be found at www.idwr.idaho.gov. Thank you for your time and for your attention to these matters.

Respectfully,

Allen Bradbury
Water Resource Agent, Sr.
