Re: May 15, 2019 Letter from the Department of Water Resources

Dear Norman and Robin:

I hope this letter finds both of you doing well. Many years have passed since we last spoke, and I know that you have been represented by various other attorneys in the interim. I have enclosed herein a May 15, 2019 letter that I received from the Department of Water Resources.

From my perspective, all matters related to the Water Permit 22-7792 and Mr. Saxton's role as a hearing officer were resolved or have become moot. However, as I have not represented you for some time, I felt it was important to send a copy of this letter to you for your review and, should you desire, for review by your current counsel.

Unless I hear from you otherwise by July 15, 2019, I will as requested in the letter send a letter withdrawing the referenced petitions and the 1997 Appeal to the Director. If you or your counsel for some reason do not think that activity is appropriate, then please let me know before July 15 and I will then simply withdraw as counsel on these matters.

If you have questions, please do not hesitate to call me.

Sincerely,

Steven R. Parry

SRP/ks

Enclosure

P.S. So that they are aware that I no longer represent you and of the time frame that I think is necessary for you to consider these matters, I am copying my letter to the author of the Department's letter, James Cefalo, along with Catherine Rowan and Jerry Rigby at the addresses listed in the Department's letter.
