Nathan,

The attached map identifies the 7101.6 acres of water rights owned by East Valley Cattle within their PPU. I have also attached the shape files for the 2019 Irrigation POU.

Let me know if you have any issues opening the shape files.

Okay, get me a new 206 map as soon as you can so I can finalize things. Thanks

Well yeah, there will be a change to the 206 map. I just haven't got to that shape yet. A portion of the acres included in the "curtailed" shape will be excluded out of the irrigation POU. Probably a couple hundred acres worth.

Greg,

I assume no change to the 206 map from what is on record with the department? If there is an updated 206 map for 2019 please send it to me. Otherwise we will continue with what we have on file.

Thanks,
Nathan
