EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: May 10, 2018
To: Transfer 83060
From: Allison Inouye
Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to change the point of diversion (POD) for two ground water rights, which allow for the diversion of 0.05 cfs for domestic use and 2 acres of irrigation, to a proposed new well located on an adjacent lot. The proposed POD and place of use (POU) are located approximately 1 mile north of the intersection of Bullion Street and Main Street in Hailey in the Buckhorn Subdivision. The POD and POU are located within Water District 37 and watermaster comments were solicited.

- **Authority to File**

The application is filed in the name of Ricky J and Diana Filkins, the current owners of the water rights being transferred per IDWR records.

- **Water Right Validity**

Water rights 37-8819 and 37-20376 were licensed in 2001. 37-8819 authorizes 1 acre of irrigation within a 2 acre PPU. Water right 37-20376 authorizes domestic use and irrigation of 1 acre within a 2 acre PPU. Recent aerial imagery indicates that the property involved with this transfer appears irrigated. There does not appear to be a home on the property, but the beneficial use field exam conducted by IDWR indicated that at the time of licensing, a stub-in was provided for a home so domestic use was licensed.

Additionally, right 37-8819 was developed through an exchange of surface water rights. It is conditioned to be used only when surface water right 37-577BN is in priority. Upon review, it appears that instead of specifying right 37-577BN, that condition should instead refer to right 37-21116. Right 37-21116 was split from 37-577BN and its conditions indicate that it mitigates for right 37-8819. This will be corrected in this transfer.

- **Injury to Other Water Rights**

None anticipated. The proposed POD is located on an adjacent lot, approximately 500-600 feet from the current POD.

- **Enlargement of Use**

None anticipated. The diversion rates and place of use will be unchanged on the rights. The combined limit conditions will also remain on the rights. The rights will be subject to Water District 37 measurement requirements.

- **Local Public Interest**

No issues anticipated. Application was subject to public notice. No protests were received. Comments were solicited from the watermaster of Water District 37 and the watermaster did not oppose approval of the application.

- **Beneficial Use/Conservation of Water Resources**

Proposed uses are recognized as beneficial uses of water.

- **Effect on the Economy of the Local Area**

None anticipated.

- **Effect on the Agricultural Base of the Local Area**

None anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Hi Kevin,
In April, you commented on Transfer 83060 in the name of Ricky & Diana Filkins. They are proposing to transfer their domestic and 2 acres of irrigation rights out of a shared well to a new well on their property in the Buckhorn Subdivision north of Hailey. You noted that you don't oppose approval if it is conditioned as follows, but there were no conditions or comments written on the form. I just wanted to double check with you if there are specific conditions that you'd like us to add other than the normal water district conditions.

Thanks,
Allison
