Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

MEMORANDUM

TO: Water Right Permit File 95-17503

FROM: Daniel A. Nelson

DATE: May 9, 2019

SUBJECT: Review of Water Right Licensing for Permit 95-17503

This permit was marked for an in-house field examination. However, the permit was approved on May of 2018, and the latest aerial imagery that we have is July of 2018. We can't tell from the aerial imagery the actual location of the spring. We do see a small channel that could be the outflow from the spring, but we can't see any troughs or development. Therefore, we are sending this permit to the Northern Region to either perform a field examination or wait until later imagery is available.
