Re: Amendment to Idaho Department of Lands Encroachment Permit required for water system

Dear Applicant:

Idaho Department of Water Resources (IDWR) has received your Application for Permit, completed at our office in Coeur d'Alene on May 7, 2019, to divert water from Coeur d'Alene Lake in Kootenai County. We discussed the status of your Idaho Department of Lands (IDOL) Encroachment Permit for a water system during your visit to IDWR.

I stated during your visit that I would contact IDOL to obtain a copy of your Encroachment Permit. A copy of your Encroachment Permit (ERL-95-S-1064A) is enclosed. The existing Encroachment Permit does not include references to a water system to bring water from Coeur d'Alene Lake to your property.

Enclosed with this letter is a telephone list for IDOL offices in Northern Idaho. Please contact the highlighted office (Mica Supervisory office (208) 769.1577) to arrange at amendment to your Encroachment Permit for your water system.

IDWR now has the information required to proceed with processing of your Water Right Permit Application. It remains your responsibility to obtain an amendment to your Encroachment Permit for the system to bring water on to your property.

Respectfully,

Shaun M. Maxey
Sr. Water Resource Agent
