

MEMORANDUM

Date: April 22, 2019
To: Transfer 83170
From: Ryan Tracy
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to change the point of diversion and place of use for a 2 cfs portion of water right 31-2448B (wildlife). The split portion will share the same point of diversion and place of use as water right 31-2448A (wildlife). This is one of three transfers submitted by the applicant proposing to change a portion of water right 31-2448B. These transfers will be processed and approved at the same time.

Authority to File:

The applicant is the current owner of the water right per IDWR records and the owner of the property at the proposed point of diversion and proposed place of use per Jefferson County taxlot data.

Water Right Validity:

Active and Decreed water right. In review of aerial photography and watermaster records available to the department there is no clear and convincing evidence showing forfeiture has occurred. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA and regulated by WD110. ESPA analysis was provided and no additional mitigation will be required. Transfer was advertised. There are no protests. Watermaster does not oppose application.

Enlargement of Use:

No issues identified.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
