EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: April 24, 2019
To: Transfer 83056 File
From: Bill Mills
Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes transferring 0.04 cfs (15.6 acre feet) commercial/stockwater portion from a commercial/stockwater/domestic ground water right and moving it to an existing well and a new place of use (POU) at an existing dairy facility. Proposed point of diversion (POD) and POU are located approximately 2.0 to 2.3 miles east and 3.8 to 4.0 miles south of the intersection of Main St and Lincoln Ave in Jerome. Current POD and POU are located approximately 0.3 to 0.5 miles west and 1.3 to 1.5 miles north of the intersection of Hwy 26 and Hwy 46 in Gooding.

Water right transfer is within the Eastern Snake Plain Aquifer and the applicant's consultant ran the ESPA model delaying use of the transferred 15.6 afa at the new facility until 1/1/2020. The resulting model analysis indicated no mitigation would be required. Department staff ran the ESPA model analysis utilizing the same parameters and verified the consultant's findings. A condition will be placed on the transferred portion indicating pumping of the transferred portion shall not commence prior to 1/1/2020.

Overlap analysis indicates that this water right currently shares a POD with water right 37-21717 (0.023 cfs commercial/stockwater) in the NWSE of Sec 31, Twp 05S, Rge 15E and overlaps with the POU in this same tract. According to the consultant, the well in the NWSE only diverts water for right 37-21717 and is a separate system from the wells and POU used for this water right, 37-11199. The transferred portion will overlap stockwater/domestic ground water right 36-14890 at the proposed POU and POD.

All PODs and POU are within Water District 130 and Watermaster comments were solicited and the watermaster did not oppose approval of this application.

- **Authority to File:** IDWR records indicate the applicant currently owns the water right and the properties at the current location. A copy of a water right sale and purchase agreement has been provided indicating the purchaser's agreement to transfer the 0.04 cfs portion of water right 37-11199 to the JT Land LLC owned by Jacob & Jennifer Traughber. The 0.04 cfs portion was split from 37-11199 and is now Water Right 36-17151.
- **Water Right Validity:** Water right 37-11199 was decreed in the SRBA on 3/31/2003. Estimates of water use from 2010-2017 were provided by the consultant in a previous transfer (#81865), along with an affidavit from the owner and power records to support evidence of the validity of this water right.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated.

- **Local Public Interest:**
No issues anticipated. Application is subject to public notice.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated.
- **Effect on Agricultural Base of the Local Economy:**
None Anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing
