May 13, 2019

Hi Kathleen,

It's been (30) days. I now need the completed proof form, additional fee, and request to withdraw an extension request. Please refer to the letter I sent April 10, 2019. As stated in the letter dated March 6, 2019 from Angie Grimm (Water Rights Section Manager), without the additional information IDWR will issue a preliminary order denying the Extension Request and a Lapse Notice for the permit. Please contact me as soon as possible in order to move forward.

Sincerely,

Kathleen,

I received your message wanting to know if the Department can hold this matter until Julie Klein Fischer gets back April 23rd. I have attached a copy of the letter that I am sending out in the mail to the permit holders. Maybe the permit holders could take care of this themselves. I also sent a copy of the letter in the mail to your office addressed to Julie Klein Fischer. The letter allows (30) days to provide the completed proof form, additional fee, and request to withdraw an extension request.

If you have any questions, please call me.

Sincerely,
