

TIMELINE OF EVENTS

- **December 11, 2008 – December 1, 2013** Approved Permit to Proof Due Date
- **October 31, 2013** Extension Request Received at State Office
- **December 23, 2013** Proof Due Date extended to **December 1, 2018**.

End of the 10 year development period allowed pursuant to § 42-204(6).

- **November 30, 2018** Extension Request received at Regional Office.
December 4, 2018 Extension Request reached the State Office.
- **March 6, 2019** Angie sent a Deficiency Letter requesting documentation to confirm the existence of Government Delay and length of the delay caused by the Canyon County CAFO permitting process. *(30) Days were given to provide additional information.*

Note: The deficiency letter stated that without the additional information, IDWR will issue a preliminary order denying the Extension Request and a Lapse notice for the permit.

- **April 4, 2019** IDWR received a letter from the permit holders' attorney Julie Klein Fischer of Morrow & Fischer, in response to our deficiency letter.
The attorney's letter explains that the records are unfortunately scant, and that the permit holders would like to request the Department license that portion of the permit that was developed. The attorney asks the IDWR advise if proceeding in this manner is acceptable, and if so they will provide the information related to the work done, and amount of water being used under the permit.

Note: Julie Klein Fischer also informed IDWR that she would be out of the office from April 5 to the 22nd, and advised IDWR to communicate with paralegal Kathleen Lee in her office and/or directly with Bridget Vanderwoude (permit holder).

- **April 8, 2019** I sent an email to the attorneys' paralegal, Kathleen Lee. I explained that the permit holders could simultaneously withdraw the Extension Request and Submit Proof. I informed Kathleen Lee that the permit holders now need to submit in writing that they would like to withdraw their Extension Request and replace it with a Statement of Completion form along with an additional \$50.00 to cover the License Examination Fee associated with the filing of Proof.
