PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-17462

Dear Permit Holder(s):

The department acknowledges receipt of the Proof of Beneficial Use ("proof") form and license examination fee submitted for the above referenced permit.

During review of your proof statement and the permit listed above, I noticed that you stated a number of irrigated acres greater than the total number of irrigated acres allowed under this permit. You stated on your proof that you have irrigated 85 acres, however, this permit authorizes irrigation of 83 acres.

Diversion of water under this permit is limited to the authorized number of acres. I have enclosed a copy of your proof statement and this permit for your reference. You may apply for another permit to cover additional water use. Application for Permit forms are available from any department office or at the department's website at www.idwr.idaho.gov

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or at the department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
