Re: Reporting Requirements Review

On December 31, 2018, IDWR received the 2018 Aquifer Recharge Report for the above water rights. The report was submitted by Zach Latham, Hydrologist, with Brockway Engineering on behalf of the right holder, The Valley Club Inc. An annual report submittal reporting the daily volume of water recharged during the year is a requirement from the approval of Transfer 78255.

The reporting requirement included in the approved transfer 78255 for the above water rights has been satisfied.
