Good Afternoon Becky.

I have attached the updated Ownership Change acknowledgement letter for water right 63-32840 for your records. Thank you for emailing me the deeds so quickly.

Regarding water right 63-34457; the deed that was supplied did not incorporate the property in which this water right is associated with. Water Right 63-32840 the Northeast quarter of Section 36, Water Right 63-32837 is in the Southeast quarter of Section 36. The deeds which were sent were both for the Northeast quarter of Section 63. As soon as I receive the deeds for the Southeast quarter of the property, I can process the Change of Ownership for Water Right 63-34457 for Ramsower LLC.

Thank you again for all of your help.

Re: Change in Ownership for Water Right No(s): 63-34457

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4802.

Sincerely,
